1. Introduction (Times New Roman, 14pt, Bold, Left, Spacing: Before: 0 pt /After: 12 pt)

Manuscripts should be written in English (American or British usage is accepted, but not a mixture of these) and submitted electronically to the following e-mail address: jna.com.vn.

Page Setup: Paper A4; Margins: Top: 2 cm, Bottom: 1.6 cm, Left / Right: 2 cm; Layout: Header / Footer: 1.4 cm; Paragraph: Indentation: Left / Right: 0 cm, Spacing: Before/After: 0 pt, Line spacing: Single.

3. Equations, Figures, Graphs and Tables (Times New Roman, 14pt, Bold, Left, Spacing: Before /After: 12 pt)

Use Word program Equations editor to type all formulas. Mathematical formulas have to be numbered consecutively from 1 in parentheses on the far right margin of the page, as formula (1):

$$\frac{d\delta_2}{dx} + (2\delta_2 + \delta_1) \frac{\bar{u}_e'}{\bar{u}_e} = \frac{\tau_w}{\rho \bar{u}_e^2} + \frac{\nu \delta}{\bar{u}_e^2} \left(\frac{\partial^2 \bar{u}}{\partial y^2} \right) e \quad \frac{\partial u}{\partial t} = k \frac{\partial^2 u}{\partial x^2} + \frac{Q(x, t)}{c\rho} \quad (1)$$

Equations are separated by 6 points from the rest of the text.

SI units are strongly encouraged. Avoid combining different units.

Figures, graphs and tables should be inside the margins of page.

Figures and graphs should be centered (Format Object >> Arrange >> In line with text), and separated from the main text by enter. Captions should appear below graphical objects and separated from the main text by enter and separated from the Figures by 6 pt.

Place the figures as close as possible to where they are mentioned in the main text.

Please use only drawings and photographs of good quality. It is especially important that all numbers and characters appearing in your figures are well-readable size.

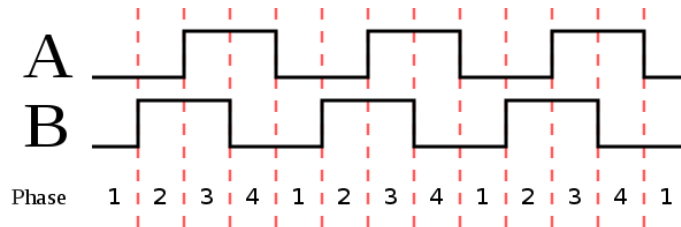

Fig. 1. Title (Arial 10 pt) – align Center

All tables must be centered, and also centered in the column.

The width of all lines in tables including all borders should be 1/2 pt. Text and numbers in tables should be typewritten in Arial, 10 pt, Regular (for header row Arial, 10 pt, Bold). Spacing for text and numbers in tables should be Line spacing: Single; Before / After: 2 pt.

Table caption is placed above the Tables and written as in the example below. Captions should be separated from the main text by enter and separated from the Tables by 6 pt.

Place the tables as close as possible to where they are mentioned in the main text.

Table 1: Paper layout

Item	Value
Paper size	A4
Header	1.4 cm
Footer	1.4 cm
Line Spacing for Body Text	Single
Top Margins of Paper	2 cm
Bottom Margins of Paper	1.6 cm
Left Margins of Paper	2 cm
Right Margins of Paper	2 cm

Tables should be separated from the main text by enter.

n+1. Conclusions (Times New Roman, 14pt, Bold, Left, Spacing: Before /After: 12 pt)

Do not include citations in this section!

Although a conclusion may review the main points of the paper, do not replicate the abstract as the conclusion. A conclusion might elaborate on the importance of the work or suggest applications and extensions.

Supplementary Materials: The following supporting information can be downloaded at: <https://jna.com.vn/article/doi/s1>, Figure S1: title; Table S1: title; Video S1: title.

Author Contributions: For research articles with several authors, a short paragraph specifying their individual contributions must be provided. The following statements should be used “Conceptualization, X.X. and Y.Y.; methodology, X.X.; software, X.X.; validation, X.X., Y.Y. and Z.Z.; formal analysis, X.X.; investigation, X.X.; resources, X.X.; data curation, X.X.; writing—original draft preparation, X.X.; writing—review and editing, X.X.; visualization, X.X.; supervision, X.X.; project administration, X.X.; funding acquisition, Y.Y. All authors have read and agreed to the published version of the manuscript.” Please turn to the CRediT taxonomy for the term explanation. Authorship must be limited to those who have contributed substantially to the work reported.

Funding: Please add: “This research received no external funding” or “This research was funded by NAME OF FUNDER, grant number XXX” and “The APC was funded by XXX”. Check carefully that the details given are accurate and use the standard spelling of funding agency names at <https://search.crossref.org/funding>. Any errors may affect your future funding.

Data Availability Statement: We encourage all authors of articles published to share their research data. In this section, please provide details regarding where data supporting reported results can be found, including links to publicly archived datasets analyzed or generated during the study. Where no new data were created, or where data is unavailable due to privacy or ethical restrictions, a statement is still required.

Acknowledgments: In this section, you can acknowledge any support given which is not covered by the author contribution or funding sections. This may include administrative and technical support, or donations in kind (e.g., materials used for experiments). Where GenAI has been used for purposes such as generating text, data, or graphics, or for study design, data collection, analysis, or interpretation of data, please add “During the preparation of this manuscript/study, the author(s) used [tool name, version information] for the purposes of [description of use]. The authors have reviewed and edited the output and take full responsibility for the content of this publication.”

Conflicts of Interest: Declare conflicts of interest or state “The authors declare no conflicts of interest.” Authors must identify and declare any personal circumstances or interest that may be perceived as inappropriately influencing the representation or interpretation of reported research results. Any role of the funders in the design of the study; in the collection, analyses or interpretation of data; in the writing of the manuscript; or in the decision to publish the results must

be declared in this section. If there is no role, please state “The funders had no role in the design of the study; in the collection, analyses, or interpretation of data; in the writing of the manuscript; or in the decision to publish the results”.

Abbreviations

The following abbreviations are used in this manuscript:

DOAJ Directory of open access journals

TLA Three letter acronym

LD Linear dichroism

ORCID and e-mails of authors

References (Times New Roman: Before: 14 pt /After: 12 pt)
