Art of War Book Discussion Preparation

Choose four of Sun Tzu's maxims you find most interesting from the book. Then :

1. Translate each maxim into your own words.

2. Explain what it means and why it's important or why it works. Do any other famous sayings or teaching support this maxim?

3. Give a real-world example of how this maxim has or could be put to use in your own life - in your family, at a competition, preparing for a test, establishing habits, etc. Alternately, you could discuss how this maxim has played out in global politics. This part should be at least a paragraph.
