

## ***Collection Analysis Project***

Listen to the poetry collection, ["warsan vs melancholy: the seven stages of being lonely"](#) and create a SketchNote poster that tracks the narrative of the album/collection incorporating both text AND visuals. ***This is an optional assignment***, and will be worth up to 200 points in the 3rd Quarter.

### **Requirements:**

Must include all 7 poems

Must include quotes from each poem AND original analysis

Must include images/drawings/paintings that represent the symbols of the poems

Must include a Collection theme- a statement that expresses the theme of the full set of poems

Must include color

Must be well organized and neat

Must include the title of collection AND the title of each poem

Due February 8.

*If you **cannot** get a poster and/or art materials on your own, you may pick up SketchNote paper in the main office. I can also check out drawing or paint sets, which must be returned when you complete the assignment. Please contact me if you would like to arrange check out.*
