[Information for new era \(en\)](#) forum category INFORMATION FOR NEW ERA

[About me and my site \(en\)](#) general site information

[Home Page \(slo / en\)](#)

[Members \(en\)](#)

[Page 6 \(en\)](#)

[Page 7 \(en\)](#)

[Info Home Page](#)

The home page is **bilingual**. Here are selected currently important information from other pages of the portal, forum, blog, and beyond. Some are in Slovene and English, others only in Slovene. There is also a **search engine** to quickly locate selected information on the site. The forum and blog also have their own special search engines. English-speaking visitors are **directed to pages 6 and 7**, and the corresponding forum category **INFORMATION FOR NEW ERA** .

HP is the domicile of the link to the key bilingual 'whistleblower' info collection in the [MAINSTREAM INFO BYPASS - INFO OBVOZ MEDIJSKIH TROBIL](#) post. Permanently or temporarily, other selected constantly interesting and currently important topics are also added on HP.

The 'Whistleblowers' Forum post serves as a platform for collecting and disseminating important alternative information of the moment in the context of the global information blockade and totalitarian control of the mainstream media by 'masters', globalists and corporations.

A **contact form** is domiciled at the bottom of HP and **friendly links** have been added. The **sitemap** in pdf for the needs of visibility of the portal on the net and the **statistics of visits** to the portal are constantly located in the footer. Sitemap.pdf basically contains a list of all posts and comments. But free sitemap generators give an incomplete inventory.

HP domicile content includes a link to a post for text and music marking **the seasons**. To the left and right of the edge of the guaranteed 'visible' part of the page there are located **calendar**, **weather**, **geo map** and **horoscope**. The free statistical tool for recording visits gives the administrator an insight into the location of visitors, but not identification.

The column menu for navigating through the main site pages does not provide content information. Therefore, an **index with links** to the main pages has been added at the bottom of the HP, which I repeat here for the English part of the portal.

Table of contents on the pages of the portal for the English-speaking part of the visitors

[HP_Home Page](#)

[Page 6 \(6.stran\) INFORMATION FOR A NEW ERA](#) - general links

[Page 7 \(7.stran\) INFORMATION FOR A NEW ERA](#) - treatment cases after dr. Grabovoi

[Forum \(more\)](#) _ Categories and posts for the public

[Members \(more\)](#) _ Registered users and registration of new users

Info Page 6

Page 6 is for English-speaking visitors. Here are translations of my major publications on the Teachings of dr. Grabovoi, as well as some other important content. These are portals, texts, videos, images that present the current dramatic state of humanity & the planet, and visions & solutions for evolution into a new era.

Info Page 7

Page 7 shows translations of concrete examples of the use of solving various unwanted health conditions. These are links to posts with elaborations of treatment according to the methods of dr. Grabovoi in the forum category of English-speaking visitors [INFORMATION FOR NEW ERA](#).

Info Forum

The forum is hidden in the last column of the menu labeled 'more'. The Forum category [INFORMATION FOR NEW ERA](#) is intended for English speakers. The category is defined by the description for pages 6 and 7. Registered visitors can publish their posts and comments that are consistent with the purpose of the selected forum category and the portal as a whole.

I allow commercial promotions on the forum that are consistent with the portal content and its purpose and the selected forum category. Other promotional posts will be deleted. The same goes for malicious, hostile and non-substantive posts.

Info Members

Registering new users and reviewing existing ones is hidden in the 'more' column of the menu. The link is repeated in the index on HP and in this info text.

Info Contact form

Unregistered & registered visitors can also send their messages to the administrator anonymously through their (alter) mail account using the contact form at the bottom of the home page.
