2

1. In the title field, write desired Rule name e.g; 'USA Product Restriction'.
2. Select a country where the product needs to be restricted, multiple countries can be added to the list.

Restriction Modes

Multiple types of restrictions can be applied including restriction of products, prices and add to cart button.

Restrict Product

The screenshot shows a web application window titled "Individual Rule". Inside, there's a "Restriction Mode" section with two radio buttons: "Restrict Product" (selected) and "Price & Add to Cart". Below this is a "Select Categories" section with a dropdown menu showing "... / Shoes & Garden" and a "select category..." button. The "Products" section has a dropdown menu showing "Aerodynamic Plastic Mr. Frenzy". The "Restriction Option" section has a dropdown menu with "select..." and a blue question mark icon. A dropdown menu is open below "select...", showing "Restriction Message" and "Custom URL".

Restriction Message

Custom URL

In order to restrict products click on the “Restrict Product” button it will further expand two more options, from these two options desired categories or products can be selected for restriction, more than single product or category can also be selected.

Restriction options

After selecting a category or product, the next step is to select what operation to perform on selected items. It can be done by clicking on “Restriction options”.

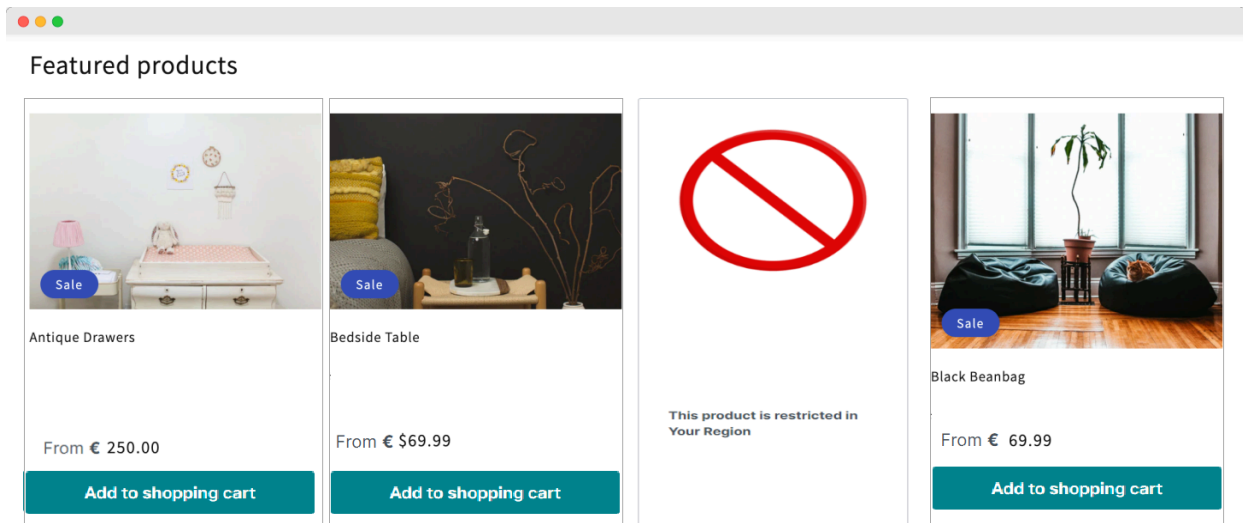

The screenshot shows a web application window titled "Country Restriction Rule Form". At the top right, there are "Cancel" and "Save" buttons. The main content area is titled "Individual Rule" and contains several sections:

- Restriction Mode:** Two radio buttons are present. "Restrict Product" is selected (indicated by a blue dot), and "Price & Add to Cart" is unselected.
- Select Categories:** A text input field containing "... / Industrial & Home" and a "select category..." button.
- Products:** A dropdown menu showing "iPhone 15 Pro Burgandy" with a downward arrow.
- Restriction Option:** A dropdown menu showing "Restriction Message" with a downward arrow and a blue question mark icon to its right.
- Message Field:** A text input field containing the text "This Product is Unavailable in Your Country".

Two options are:

1- A custom restriction message is used to display any type of message in front of a product.

2- A custom URL option allow merchants to redirect users towards another site or page.

This is how a restricted product will be shown to the user.

Additionally, restrictions can also be implemented by following this process.

Country Restriction

☐ Exclude From Product visibility rule

- 4- This screen will display after clicking on the product.

5- Select the 'Country Restriction' option, then click on 'Exclude from Product visibility rule'.

The screenshot shows a configuration window with a light blue border and a white background. At the top, there are three colored window control buttons (red, yellow, green). The main content area contains several sections:

- A section with a blue toggle switch and the text "Exclude From Product visibility rule".
- A section titled "Select Country" with a dropdown menu showing "Antigua and Barbuda" and a downward arrow.
- A section with a blue toggle switch and the text "Enable it to hide price of this product".
- A section titled "Add Text show on price place" with a text input field containing "Login to see Price".
- A section with a grey toggle switch and the text "Enable it to hide Add to Cart button of this product".

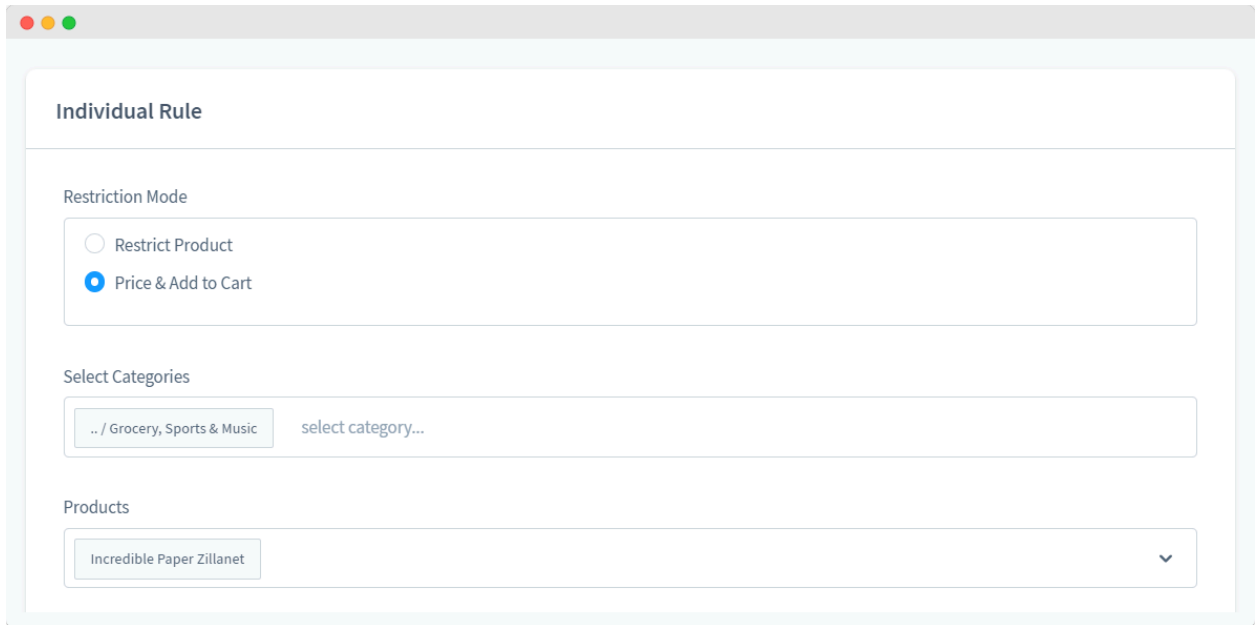

6- Select the country you want to apply restrictions on.

7- Select what operation you want to apply, whether to hide the price or hide the add to cart button.

8- Selected product is successfully restricted.

Restrict Price and add to cart

Apart from hiding specific products or categories, It also provides the flexibility to either restrict price of product, or hide 'add to cart' button, or both.

☒ Hide Price

Add Text show on price place

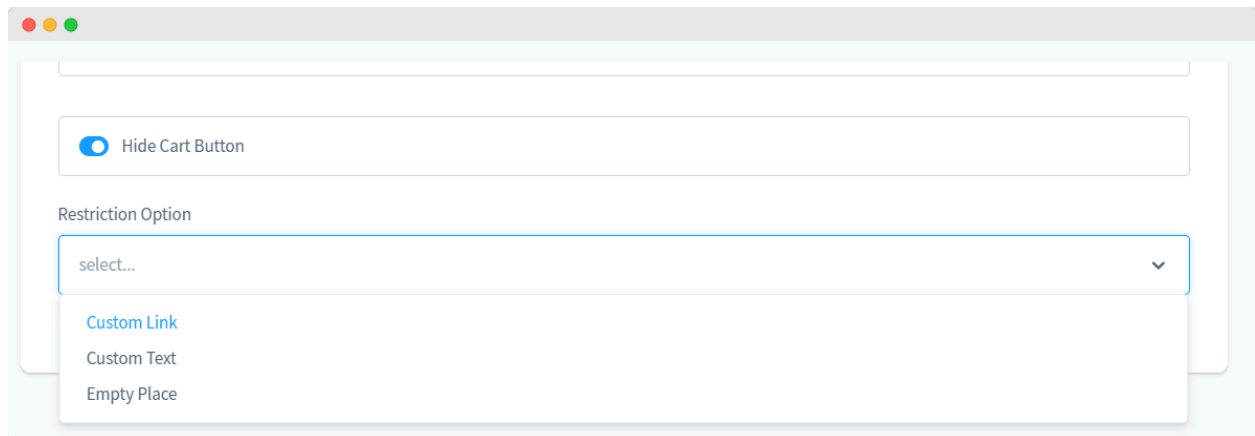

Login to see the price

Click and activate the 'Hide Price' button, and add text which will appear in place of pricing.

Hide Cart button

'Hide Cart button' will completely hide cart from display, instead it will replace it with other options such as:

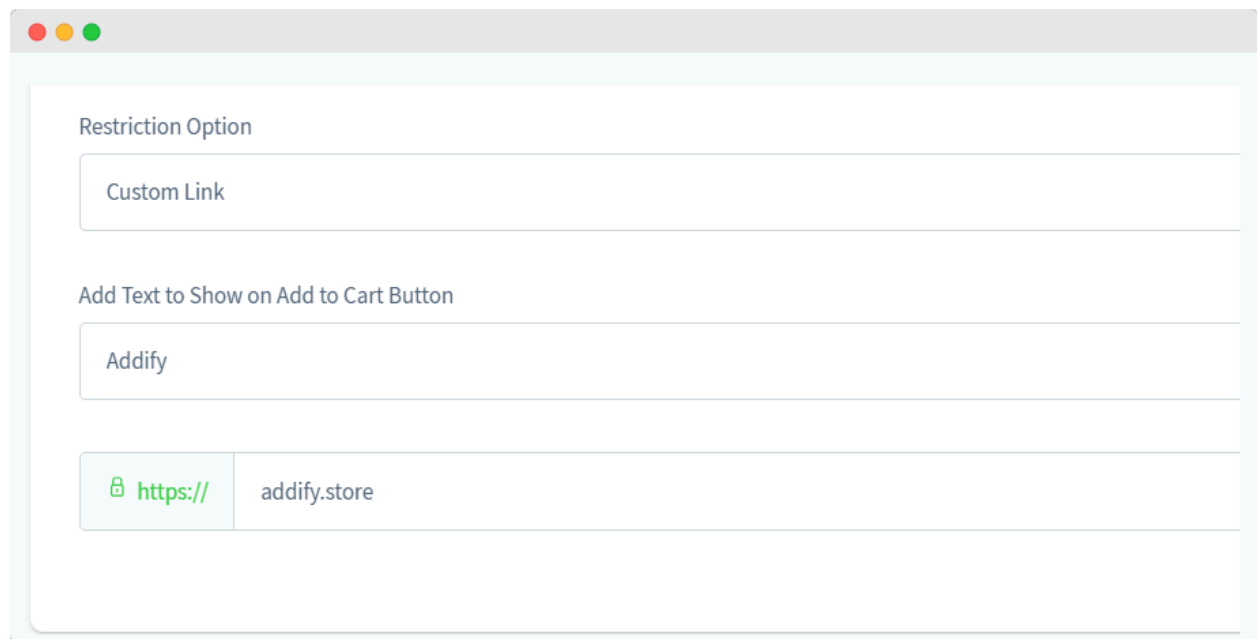

- **Custom Link**
- **Custom text**
- **Empty space**

1- Click and activate the 'Hide cart button'.

2- Select an option to apply for restriction.

Custom Link

The image shows a web browser window with a light gray title bar containing three colored window control buttons (red, yellow, green). The main content area is a light blue-gray rectangle with rounded corners. Inside, there are three white rectangular input fields with thin gray borders. The first field is labeled 'Restriction Option' and contains the text 'Custom Link'. The second field is labeled 'Add Text to Show on Add to Cart Button' and contains the text 'Addify'. The third field is a URL input, split into two parts: a light blue box on the left containing a green lock icon and the text 'https://', and a white box on the right containing the text 'addify.store'.

Restriction Option

Custom Link

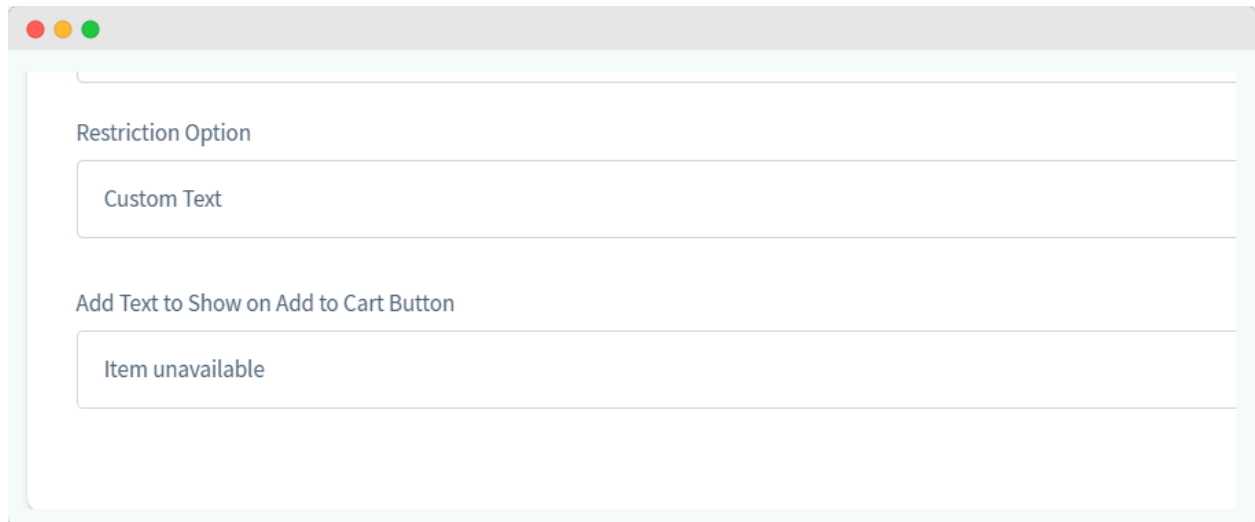

Add Text to Show on Add to Cart Button

Addify

 https:// addify.store

- 1- Select 'Custom link' from the menu.
- 2- Add text that will show instead of add to cart.
- 3- Link with the site you want the user to redirect on.

Custom Text

A screenshot of a settings window with a light gray title bar and three colored window control buttons (red, yellow, green) on the left. The main content area is white and contains two sections. The first section is titled 'Restriction Option' and has a text input field below it containing the text 'Custom Text'. The second section is titled 'Add Text to Show on Add to Cart Button' and has a text input field below it containing the text 'Item unavailable'.

1- Select the 'Custom Text' button.

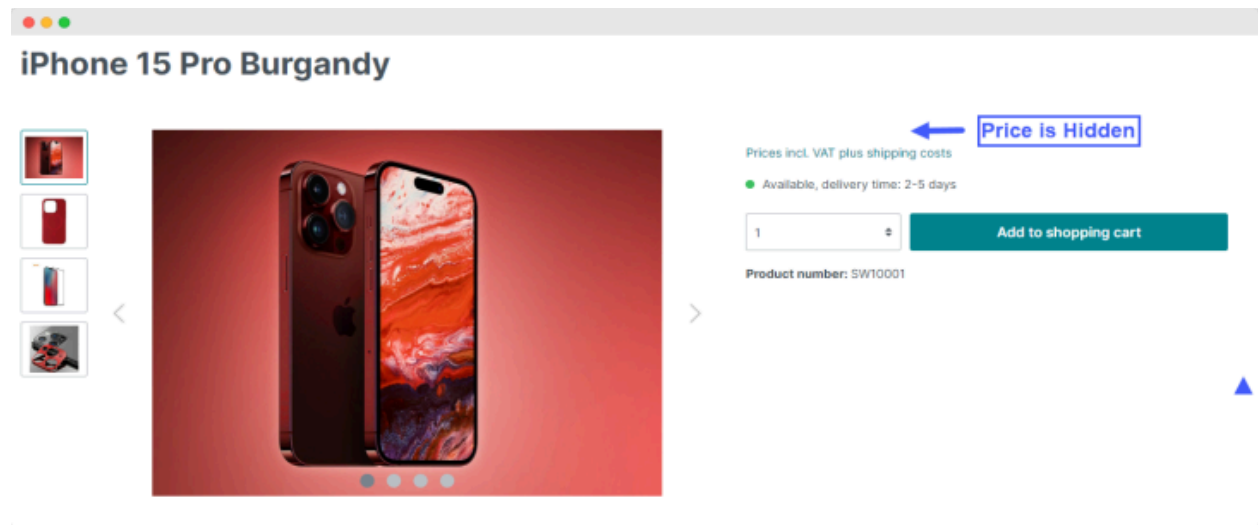

2- Write the text to appear instead of add to cart button.

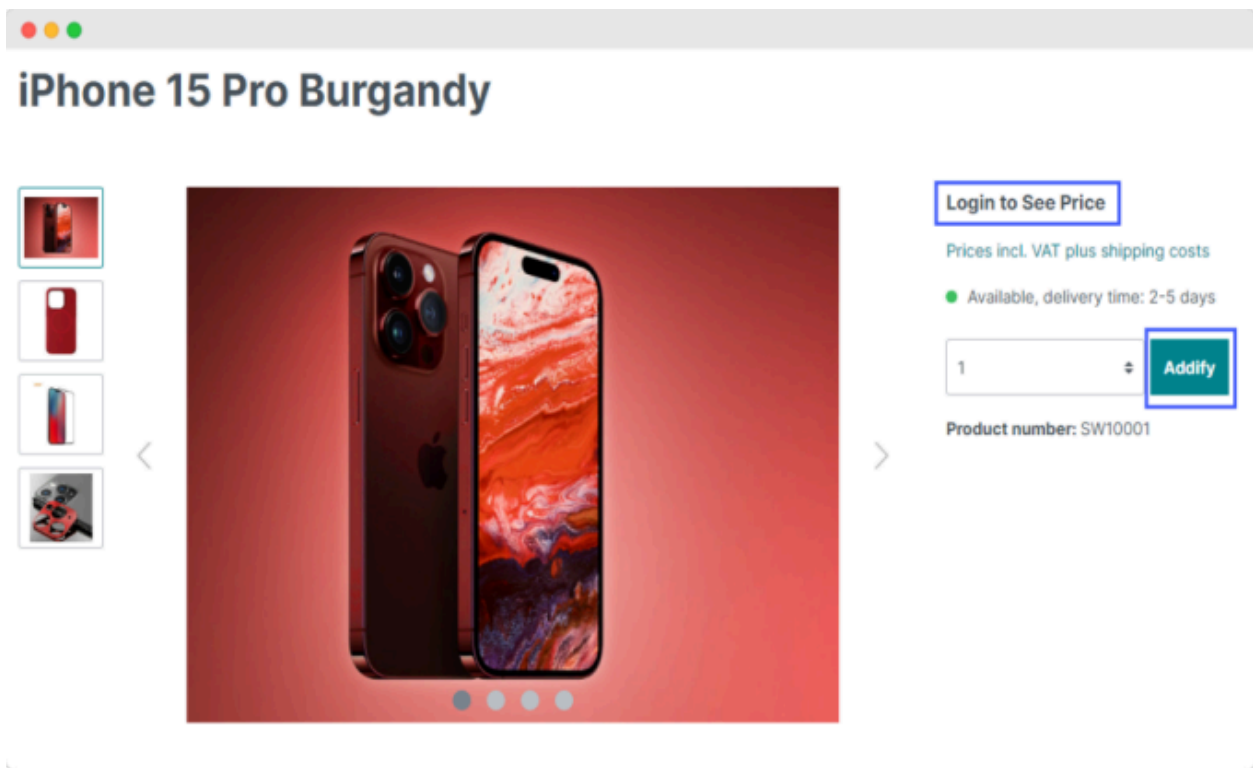

Empty place

A screenshot of a settings window with a light gray title bar and three colored window control buttons (red, yellow, green) on the left. The main content area is white and contains two sections. The first section has a toggle switch labeled 'Hide Cart Button', which is currently turned on (blue). The second section is titled 'Restriction Option' and has a text input field below it containing the text 'Empty Place'.

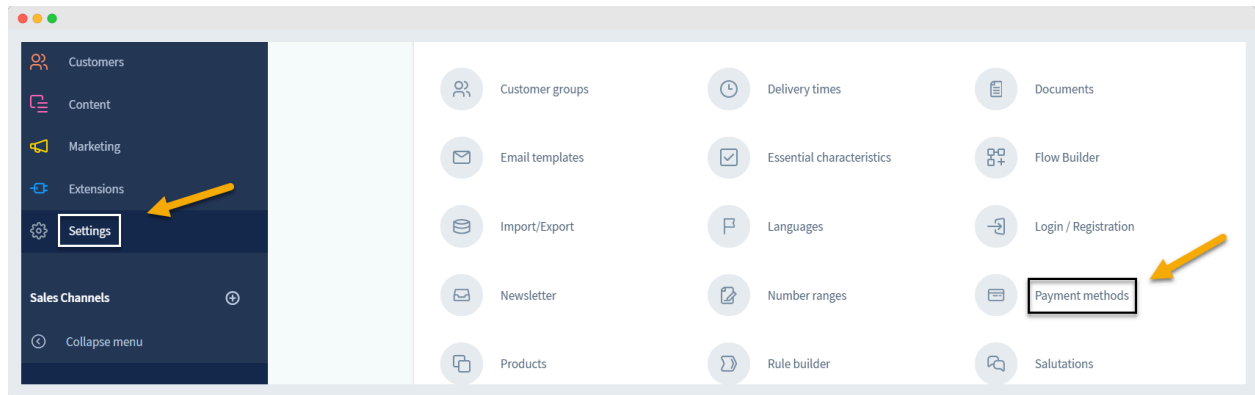

1- Select the 'Empty Place' button, it will show empty space on product page.

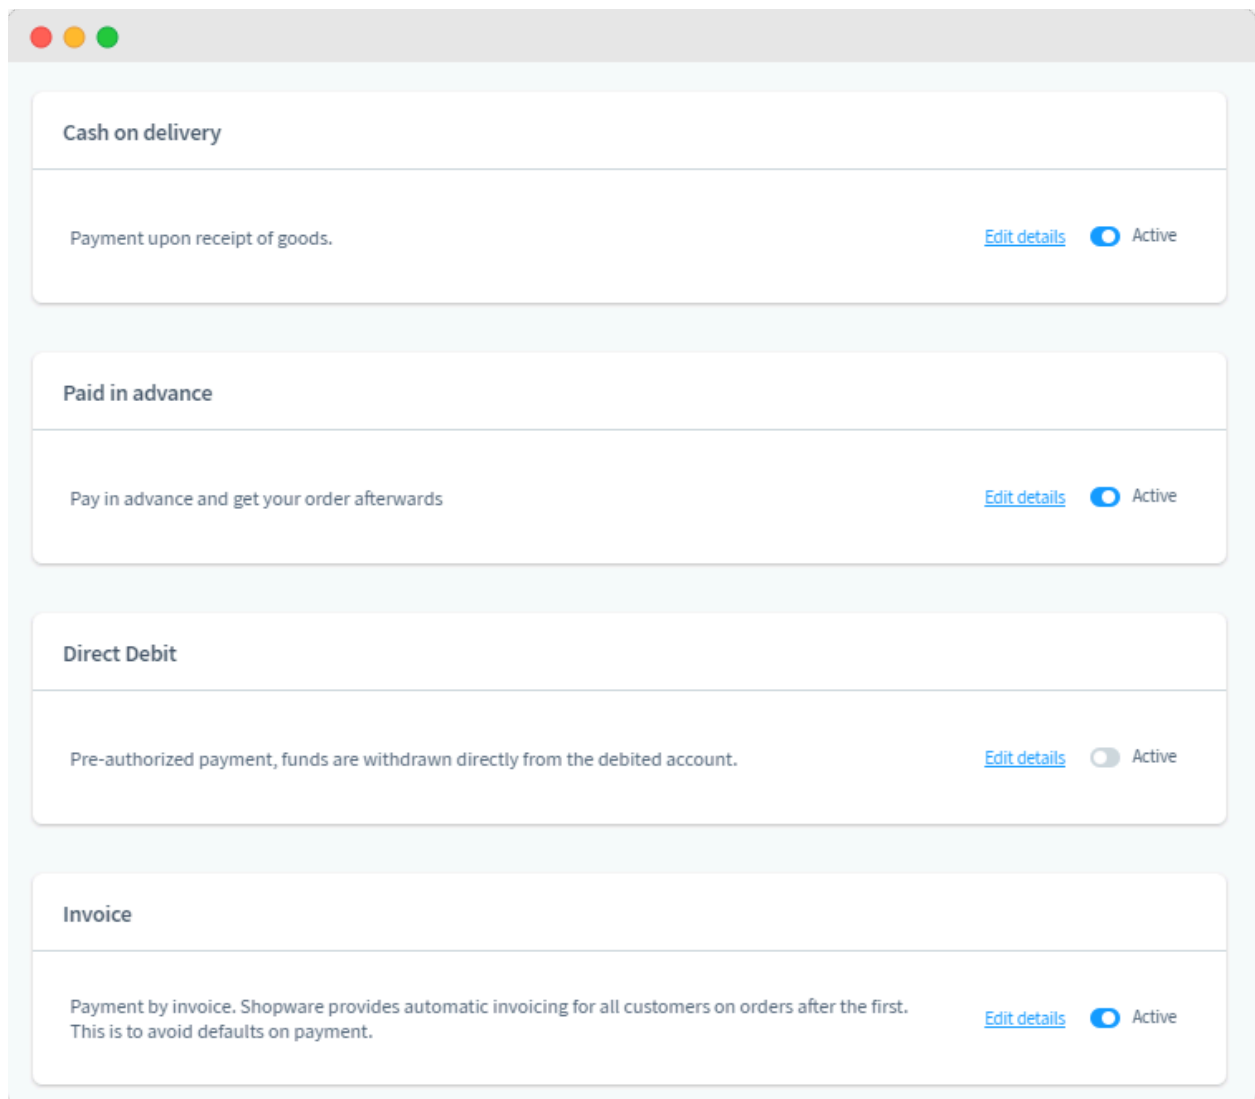

From these pictures we can clearly see how 'Hide price' and 'Hide cart button' works.

Apply Country Restrictions on Payment Methods:

- 1- Go to the settings option in the side-bar.
- 2- Select 'Payment methods' from the list of setting options.

3- This will open the list of all payment methods.

4- Select any method which you want to restrict.

The image shows a web application window with a title bar containing three colored buttons (red, yellow, green). The main content area is titled 'Country Restriction' and features a horizontal line. Below the line, the word 'Country' is displayed. Underneath, there is a text input field with the placeholder text 'Select country...' and a small downward-pointing arrow on the right side, indicating a dropdown menu. A mouse cursor is positioned over the horizontal line.

5- After selecting any payment method, scroll down to bottom at 'country restriction' section.

6- Select the country in which you want to apply restrictions.

7- The specific Payment method is successfully restricted in the selected country.
