Summer Work - 2025

Directions: Below you will find all **IB Classes for the 2025-2026 school year**. You will need to find the class that you are enrolled in to see if there is Required Summer Homework or Optional Enrichment.

→ **Required Summer Homework**, means that this is a required/graded assignment for that class and will be collected. Please check the assignment for more specific details and be sure to follow all directions.

→ **Optional Enrichment**, means this is an optional assignment; which will *not* be graded nor collected. However, it is encouraged so that you can get a brief overview and understanding of either some content or skills you will work on during that class next school year. We know our DP students often have a genuine interest and curiosity in the subjects they will be studying. The list of optional enrichment or suggested practice are ways that you can explore the DP subjects before classes begin. These ideas are designed to:

- ◆ Build your curiosity
- ◆ Give you a chance to expand your prior knowledge
- ◆ Expose you to topics and concepts of the subject
- ◆ Practice skills that you've learned so far

→ We wish you a happy, healthy, rejuvenating and balanced summer!
