

AI Cost Tracker - Privacy Policy

Last Updated: October 13, 2025

Data Collection

AI Cost Tracker does not collect, store, or transmit any personal information or user data to external servers.

Local Storage

All data entered by users (AI service names, costs, and usage information) is stored locally on the user's device using Chrome's local storage API. This data never leaves the user's browser and is not accessible to the extension developer or any third parties.

No Third-Party Services

This extension does not use any third-party analytics, tracking, or data collection services.

Data Security

Since all data is stored locally on your device, the security of your data depends on your device's security measures.

Changes to This Policy

Any changes to this privacy policy will be reflected in extension updates.
