

1) More and more students at school and University are using the internet to cheat in their coursework. They copy material from the internet without indicating that they are using someone else's work. Now days, a lot of students are more practical in their attitude to school and University. They don't care of knowledge. Teachers want to stop cheating in school and University, but they don't know how to solve the problem.

2) More and more students at school and university are using the internet to cheat* in their coursework. In Britain, about 25 % of students copy material from the internet when they write their homework. In the USA there is a similar problem. One report showed that about 54 % of students copy from the internet when they prepare for the lessons.

3) Students copy material from the internet without indicating that they are using someone else's work.

4) The internet helps students to avoid the hard work of writing an original work.
