

Connecting a Mac

On your device, navigate to the top right corner and select **Bethel College** from the list of available networks.

Enter your Bethel credentials.

You will be asked to verify the certificate. Click, “Continue”. It will ask you to enter your local device credentials. These should be the credentials you created when setting up your device. Choose, “Update Settings” to connect to the internet.

If you are experiencing problems, please submit a helpdesk ticket by sending an email to support@bethelks.edu
