

Template WhatsApp message to invite another parish or school to co-host your Laudato Si' Week event

Congratulations!

Reaching out to another school or parish is a wonderful way to share the message of Laudato Si' with your community. You may need to ask around to find contact information for a few people--don't give up!

"Everyone's talents and involvement are needed to redress the damage caused by human abuse of God's creation". (bishops of Southern Africa, Laudato Si' 14)

Whom to contact

You may already know an appropriate person at a nearby parish or school. If not, ask others for their suggestions of people to work with. You may also want to call the parish or school to ask for the contact information for an appropriate person.

Content

If you don't already know the person, send an introductory message, such as: Our mutual friend [Name] suggested I reach out about an issue that's dear to both of us.

May 24-31 is Laudato Si' Week, a global celebration of the 10th anniversary of Pope Francis's encyclical on ecology. Laudato Si' Week is sponsored by the Vatican's Dicastery for Promoting Integral Human Development. We're organizing an event to celebrate and I'd love to discuss it with you. Would you be available on *specify options (day/time)*?

Thank you! We're very excited about this event and I'm looking forward to speaking with you.
