

Purpose Corner Video Transcript Week of 5/23/22

Welcome to "Purpose Corner" for the week of May 23rd, 2022. Prior to Teacher/Staff Appreciation week which is recognized in early May, I asked members of the West community to donate gift cards, or funds for gift cards as our goal was to provide one gift card to each of West's 120ish teacher/staff members. I just wanted to say thank you to the entire West community for your support in reaching this goal! We were able to provide a gift card to each staff member as well as raffle off additional gift cards each hour throughout the day on the final Friday of Teacher/Staff Appreciation week! Our staff appreciates your support as they work hard to engage with our students daily to push them to be the best version of themselves they can be as they journey through our halls! I am very grateful for all donations to our staff. Thank you and Go Wolverines... WHOOP!!!
