22500 Salamo Road
West Linn, OR 97068

Dear City of West Linn Staff and Officials,

Two sentences about your child that give the reader an indication of what kind of child you have, to build a bridge of connection and context.

In what specific ways has your child been able to thrive at Forest school?

What has the community done for you/your family?

How would you describe your child's nature connection? Their connection to MSY specifically? lea

How does being at a Public park enhance your/your child's/the school's experience?

Are we affordable compared to other programs?

Have we affected your child's mental and physical health?

I strongly believe so much of my daughter's happiness is thanks to DTE school. They have taught her how to listen to her body, that it's okay to have emotions/feelings, that it's okay to express those feelings, and the teachers truly listen and understand when they do.

Sincerely,

Your name here
