

Art

Grade	6	7	8	Best Practices/Tools
Standard	Use various observational drawing skills to depict a variety of subject matter	Identify and describe the ways in which artists convey the illusion of space (e.g., placement, overlapping, relative size, atmospheric perspective, and linear perspective).	Analyze and justify how their artistic choices contribute to the expressive quality of their own works of art.	
	Create a drawing using varying tints, shades, and intensities	Develop increasing skill in the use of a least three different media.	Demonstrate an increased knowledge of technical skills in using more complex two-dimensional art media and processes (e.g., printing press, silk screening, computer graphics software).	
	Create increasingly complex original works of art reflecting personal choices and increased technical skill	Use different forms of perspective to show the illusion of depth on a two-dimensional surface.	Develop and apply a set of criteria as individuals or in groups to assess and critique works of art.	
		Create an original work of art, using film, photography, computer graphics, or video.		
		Create a series of works		

		of art that express a personal statement demonstrating skill in applying the elements of art and the principles of design.
