

How to Purchase Bitcoin on pump.fun

Link: <https://pump.fun/coin/CNqKXk12XfYJ3jrwS2d6v3xGXgZLbLAMY6BWNhBCpump>

1. **Create an Account on pump.fun**
 - o First, head over to pump.fun.
 - o Click on the "Sign Up" button and create an account using your email address.
 - o Make sure to verify your email and log in to your account.
2. **Set Up Your Wallet**
 - o You'll need a compatible crypto wallet (such as Phantom or Solflare) to store your Bitcoin tokens.
 - o If you haven't already, download and set up a wallet on your browser or mobile device.
 - o Ensure your wallet is set to the correct network (usually Ethereum or Binance Smart Chain, depending on your token).
3. **Deposit Funds into Your Wallet**
 - o To purchase Bitcoin, you'll need to have some Solana (SOL) in your wallet.
 - o You can buy these coins from any major exchange like Binance or Coinbase and then transfer them to your wallet.
4. **Go to the Bitcoin Token Page**
 - o On pump.fun, search for Bitcoin or visit the direct link [HERE](#).
 - o Alternatively, you can enter the **contract address** **CNqKXk12XfYJ3jrwS2d6v3xGXgZLbLAMY6BWNhBCpump** in the Contract Address field on pump.fun.
5. **Connect Your Wallet**
 - o Click the "Connect Wallet" button and select your wallet type (Phantom, Solflare, etc.).
 - o Follow the prompts to connect your wallet to pump.fun.
6. **Select Bitcoin and Enter Amount**
 - o Once your wallet is connected, enter the amount of Bitcoin you want to purchase and make sure to check the current price and transaction fees.
7. **Confirm Transaction**
 - o Review the transaction details: amount of Bitcoin, network fees, and total cost.
 - o Once everything looks good, confirm the transaction in your wallet.
 - o You'll be asked to approve the transaction and pay the associated gas fees.
8. **Wait for Confirmation**
 - o After confirming, wait for the transaction to be processed. This might take a few moments depending on the network congestion.
 - o Once successful, your Bitcoin will be transferred to your wallet!
9. **Check Your Wallet**
 - o After the transaction is confirmed, you should see your Bitcoin tokens in your wallet.
