Dear Parents,

I am so excited to begin the "Star Student of the Week" program within our classroom. I believe the advantages for you, your child, and our classroom community will be very beneficial.

As the "Star Student of the Week" your child will get to complete a poster (which I will provide) that tells all about them~ their hobbies, favorite sports, family members, etc. Your child will also be given the opportunity to share with the class their favorite storybook, favorite song, and favorite object/something special to them. To complete their "Star Student of the Week" activities, your child may have a special person (parent/s, grandparent, aunt/uncle, etc.) visit our classroom to read a story and/or do a craft.

I believe these activities will help the students build their public speaking skills, make connections with their peers, and build a bond between their home and school communities. Each child will be given the opportunity to be the "Star Student of the Week." I have listed the assigned week date for each child on the back of this letter. The order of events for the "Star Student of the Week" will be as follows: Monday~ share completed poster with the class. Tuesday~ read your favorite story to the class. Wednesday~ share your favorite object/something special with the class. Thursday~ share your favorite song with the class (send a link or song title to play on Alexa). Friday~ have a special someone- visit our classroom to read a story, do a craft, or just chat.

I will send home the poster, along with a list of the above mentioned daily activities the Wednesday before your child's assigned week. Should there be a conflict for the week you are scheduled, please do not hesitate to contact me so we can arrange an alternate week.

Thank you for your time and continued support in helping create a fun-filled learning environment that advances your child's social, emotional, and academic growth.

Sincerely,  
Mrs. Lisa Murphy
