ANALYSIS OF QUALITATIVE QUESTIONS

Indicate the advantages you have found in the training you have just completed.

- ★ The training received can be applied in the family as well as in the school.
- ★ The topics covered were of great social relevance and up to date.
- ★ The online format has made access to the training much easier. These are current issues that children face on a daily basis, and tools have been provided to help them.
- ★ Knowledge of the benefits and dangers of technologies.
- ★ The training provides new strategies to apply in managing the use of digital resources.
- ★ This training guides and accompanies them in the education of their children.
- ★ Clarity in the presentations given.

Indicate the disadvantages you have encountered in this training.

- ★ Incompatibility with the timetables of the presentations.
- ★ Lack of physical contact due to Covid-19. Coldness in the relationships of the participants.
- ★ More practical training: It would be interesting to know how the games or applications used by minors work.
- ★ "Not feeling technologically illiterate with regard to some subjects".

- ★ Difficult and complex issues are addressed.
- ★ Technological shortcomings of video calls.

Add any thoughts or comments on anything else you think would be of interest:

- ★ "I would like to congratulate the work of the coordinator. All the sessions have been very well moderated, all the doubts have been solved. The topics chosen were all very interesting. The speakers were very well prepared and approachable. My congratulations and congratulations for the great work done".
- ★ "Doing sessions with our own devices. More families should participate in the programme".
- ★ "The face-to-face sessions are better".
- ★ "These are interesting topics and we should take advantage of all the help we have to be prepared, thank you".
- ★ "It would be a good idea to continue with the training next year, all training is not enough".
