ORCID: *(mandatory)*

Word count: Abstract: 000; Main text (Introduction to Conclusion): 0000 (maximum 3000).

ABSTRACT (maximum 250 words)

Background (including objective):

Methods:

Results:

Conclusion:

Keywords: (up to 5)

Key messages

(Write key messages in descriptive terms, not more than 60 words.)

INTRODUCTION

Text.........

(must mention the background, rationale, and objective; maximum 500 words)

METHODS

Text.........

(Describe elaborately so that the readers can reproduce it)

RESULTS

Text description citing tables and figures (Do not insert tables or figures here)

DISCUSSION

Text.........

(The discussion should be on the main findings. Do not repeat the results.)

Conclusion

Should be supported by the findings of the study. Do not forget to add further research needs.

.

Author contributions

A. Conception and design, or design of the research; or the acquisition, analysis, or interpretation of data: …………….

B. Drafting the manuscript or revising it critically for important intellectual content: ………….

C. Final approval of the version to be published: ……………….

D. Agreement to be accountable for all aspects of the work in ensuring that questions related to the accuracy or integrity of any part of the work are appropriately investigated and resolved: ……………...

Acknowledgements

Text.........(Acknowledge colleagues who supported the study but did not meet the authorship criteria)

Funding

Source of funding, Memo number with date ....

Conflict of interest

We do not have any conflict of interest.

Ethical approval

The protocol was approved by ……………. IRB. Provide with the approval memo number and date (not required for routine hospital data)

Data availability statement

We confirm that the data supporting the findings of this study will be shared upon reasonable request.
