

MY FIRST SUBLIMINAL ~ <3 @MOONLITSUBS18

GET INTO DREAM UNIVERSITIES AND CLEAR ALL YOUR ENTRANCE EXAMS WITH EASE WITH THE MOST POSSIBLE MARKS EVER! ... 100% PERFECT LIKE YOU! <3

GENERAL AFFIRMATIONS

WAIT?! Why are your scores suddenly becoming absolutely terrifyingly good. Every entrance exam paper that lands in your hands starts looking easier the second YOU look at it. Your brain is functioning on some absurd hyper-intelligent level now and everyone around you is genuinely confused by how quickly you understand concepts now. Physics formulas stick to your mind permanently. Chemistry reactions arrange themselves automatically in your memory. Math problems that used to look impossible are now getting solved so fast and so accurately it's honestly becoming ridiculous... any other subject which was difficult or u assumed it to be just doesn't deserve to get the same respect from your fear!

Your concentration is unreal now. Your focus span is so powerful that distractions literally fail against you. You sit down to study and suddenly hours pass effortlessly because your brain is LOCKED IN. You absorb information at a frightening speed. Every chapter becomes easy for you suspiciously fast. Your memory recall during exams is so sharp and so instant that answers appear in your mind exactly when needed like your subconscious has already memorized the entire syllabus perfectly.

You are writing answers with insane confidence and accuracy now. Your problem solving speed is genuinely elite. Every mock test score keeps increasing higher and higher and HIGHER to the point where even you are shocked sometimes. The amount of marks you are pulling is becoming actually absurd. Your rank is rising so dramatically that people are starting to notice. Every exam hall becomes your territory automatically. Pressure literally transforms into performance for you now.

You are becoming the academically unstoppable version of yourself. The disciplined version. The focused version. The version that finishes entire chapters while everyone else is procrastinating. Your consistency is becoming scary. Your ability to bounce back is unmatched. Even after exhaustion or setbacks you STILL keep moving forward and somehow come back stronger every single time.

Your dream college is not avoiding you anymore. It is literally aligning toward you. Your name looks correct on the admission list. Your scorecard looks unreal in the best way possible. The marks beside your roll number are so high they don't even feel real at first. Everyone around you is stunned by your comeback arc because the growth happened SO FAST.

You walk into exams calm, intelligent, prepared, and weirdly powerful. Your brain connects concepts instantly. Your revision becomes insanely effective. Questions seem familiar to you naturally. You always know more than you think you do. The exact information you need appears in your mind at the exact correct moment every single time.

Your academic potential is unfolding at full force now. Every study session is changing your future permanently. Every hour you spend studying multiplies your success. Your efforts are compounding aggressively now. Your intelligence is expanding daily. Your discipline is becoming automatic. Your results are becoming extraordinary.

You are not “trying” to become successful anymore. You already ARE the student who succeeds massively.

And somehow...

despite everything...

you still keep exceeding expectations anyway.   

These are the general affirmations and mindsets I used as a draft for making this subliminal! I have said these in my own voice there is no language barrier they manifest anyway listen to it on low to mid volume if you hear the affirmations its fine but if it bothers it is better to lower your volume and never think negatively you deserve all of this world my love!! <3 Thank you for following me and listening to my subliminal!! Hope it helps!! It is ofcourse no substitute for medical needs and your

The first half of this subliminal is for using before the exams and the second half is for after exam results..

First Half:

♥ BEFORE EXAMS AFFIRMATIONS

STOP panicking because somehow your brain performs BEST under pressure now. The closer exams get, the smarter and more focused you become automatically. Your concentration sharpens aggressively every single day. You are absorbing information insanely fast and retaining it effortlessly. Every formula, reaction, derivation, and concept stays permanently in your memory now.

You open your books and instantly lock in. Studying feels productive and rewarding now. Your discipline is becoming automatic. Your mind is naturally prioritizing success and consistency. Every hour you study is producing massive results. You understand difficult concepts faster than ever before.

Your memory recall during exams is genuinely unreal. Answers come to you immediately and effortlessly. Your brain connects concepts instantly. You solve questions with terrifying accuracy and speed. Time management during exams is perfect for you now. You always complete your paper confidently and correctly.

Mock test scores keep increasing dramatically. Your preparation is becoming stronger every day. You are far more capable than you realize. You are entering every exam calm, focused, intelligent, and fully prepared. Your brain is functioning at peak performance now.

Physics becomes easier for you daily. Chemistry sticks in your mind permanently. Math problems start making sense instantly. You are academically unstoppable now. Every entrance exam is working out in your favor.

Your dream college is getting closer and closer to you every single day.

Second Half:

♡ AFTER EXAMS / BEFORE RESULTS AFFIRMATIONS

STOP overthinking that exam because you already did far better than you realize. Your answers were far more accurate than you remember. Your brain is exaggerating mistakes while ignoring everything you got correct. The exams worked out beautifully in your favor.

You naturally remember the right answers after leaving the exam hall. Every paper keeps turning out better than expected. The questions you were worried about are still receiving marks for method, logic, and accuracy. Your final score is unfolding perfectly behind the scenes now.

You feel calm and secure waiting for results because deep down you already know success is yours. There is no need to panic anymore because your hard work already carried you farther than you think. Everything is aligning perfectly for your highest possible outcome.

Your marks are increasing in your favor constantly. Cutoffs work out perfectly for you. Luck is on your side academically now. Examiners view your answers positively. Every tiny detail is somehow benefiting you now.

You trust yourself completely now. You trust your preparation. You trust your intelligence. You trust the process. Your dream college pathway is already opening.

You are free from post-exam anxiety. Free from obsessive checking. Free from spiraling thoughts. Your mind is calm because the universe is already arranging the best possible outcome for you.

The results are going to make you unbelievably happy.

And until then?

You are allowed to rest peacefully knowing you already gave your all. 🌙📚✨

(A few I and my affirmations are looped along with it!)

Keep drinking water and manifesting!! <3
