

Thematic Digital Competence Centers

Pre-proposal form for TDCC-LSH

Based on the [NWO Application form](#)

Instructions

- Remove the examples and comments (all text in italic; including italic text below table, and including these instructions)
- Please keep the formatting the same
- Additional instructions for the TDCC-LSH pre-proposal are indicated in red

1. General information

1a. Project title

Please provide a project title.

1b. Relevant Thematic DCC Domain

Please select the relevant domain.

- ☐ Life Sciences and Health (LSH)
- ☐ Natural and Engineering Sciences (NES)
- ☐ Social Sciences and Humanities (SSH)

1c. Project duration

In months.

1d. Responsible institution(s) and department

E.g. University of Den Haag, faculty General Sciences.

E.g. Technical University of Amersfoort, central library.

E.g. TU Amersfoort central library and TU Amersfoort, faculty General Sciences.

1e. Lead applicant and co-applicants

Describe those involved.

Please describe as complete as possible for this stage of the proposal.

For the main applicant, the name/affiliation/department/role is required.

Related to the co-applicant information, the minimal information needed is: organisation name and its role in the project.

Title, first name, initials, surname	Affiliation	Department	Role(s)
Prof. dr. E. (Edward) Example	TUD		Project leader.
Dr. V. (Vera) Vorschlag	RUG		Work package X leader
V. (Victor) Voorbeeld	WUR	Bibliotheek	Sub-project Y leader

1f. Keywords

Max. 5.

1g. Disciplines

This part is not required for the pre-proposal of TDCC-LSH

Please indicate the discipline(s) that best fits the application. Selection can only be made from the NWO discipline list: <https://www.nwo.nl/disciplinecodes>. This is a mandatory part of every application. If your application is multidisciplinary you can enter multiple codes.

	Discipline:
Main discipline:	Select an item.
Other disciplines (if applicable)	Select an item.
	Select an item.
	Select an item.

1h. Abstract (max. 500 words)

Identical to imported summary in ISAAC.

1i. Public project title and public summary

This part is not required for the pre-proposal of TDCC-LSH

NL

Vul hier de publieke project titel in
<i>Publiekssamenvatting (50-100 words)</i>

ENG

Fill in public project title here
<i>Public summary (50-100 words)</i>

2. Project information

2.1 Involvement of TDCC domain in drafting application (max. 400 words)

For pre-proposal TDCC-LSH: Consider describing how the project was initiated and indicate how you involved and/or consulted the community to gain support for your project.

Describe the extent to which a transparent, community-driven process was followed to arrive at the project proposed in this application, in consultation with the TDCC domain, and to build support for it. Consider:

- *Involvement of the TDCC teams and stakeholders, such as those mentioned in the roadmaps.*
- *Public widely advertised meeting(s) or online announcements where enough relevant parties are represented and invited to take part.*

2.2 Roadmap ambition/activity cluster/challenge

Which roadmap ambition/cluster/challenge does this project aim at? Make a selection within the domain marked under 1b.

NES	SSH	LSH
<input type="checkbox"/> FAIR data	<input type="checkbox"/> FAIRification of data and software	<input type="checkbox"/> Strengthen good data stewardship and harmonise data access practises
<input type="checkbox"/> Sustainable software and e-science	<input type="checkbox"/> Raising awareness	<input type="checkbox"/> Enhance the interoperability of digital solutions and resources
<input type="checkbox"/> Connections to the international activities	<input type="checkbox"/> Knowledge enhancement	<input type="checkbox"/> Strengthen the capacity and expertise base in digital research
<input type="checkbox"/> Long-term data archiving	<input type="checkbox"/> Addressing pressing issues	
<input type="checkbox"/> Locate computing capacity close to the storage	<input type="checkbox"/> Building a network	
<input type="checkbox"/> Human capital		
<input type="checkbox"/> Cross-field collaborations		

2.3 Relevance (max. 400 words)

Describe the extent to which the application aligns with the ambitions and topics of the TDCC roadmaps and the extent to which the TDCC domain is served. Describe the urgency and timeliness of the project. Describe the impact of the project. Aspects that should be assessed:

- *Impact on digitalisation in general.*
- *Impact on the ambitions of the TDCC in particular.*
 - o *Please describe how the project helps to tackle specific challenges of the [TDCC-LSH Roadmap](#)*
- *Application of FAIR principles, if relevant to the project.*

2.4 Project outline including work packages (max. 1600 words)

Describe how the project will be designed and delivered. Divide this into work packages and list them in a table. Make sure the work packages are logically related. In the annual project reporting, you will be asked to report along the lines of the work packages.

3. Declarations and signature

This part is not required for the pre-proposal of TDCC-LSH

Funding elsewhere

Have you requested funding for this project elsewhere?

- ☐ No
☐ Yes

Please include details of any additional grants you have requested for this project.

By submitting this form, I declare that:

- ☐ I have completed this form truthfully;
☐ I meet the nationally and internationally accepted standards for scientific conduct as stated in the [Netherlands Code of Conduct for Research Integrity 2018](#);

Initial(s) and surname(s):

Place:

Date:

4. Budget

It is not obligatory for the TDCC-LSH pre-proposal to fill in the detailed [NWO budget excel sheet](#), but it is required to describe:

- *Total project budget*
- *The general division of the budget over the budget items as mentioned in the NWO budget form: . 1) Personnel costs and 2) material costs (broken down in: a) Project related goods and services b) travel and accommodation costs, and c) implementation costs).*
- *How the budget will be distributed among contributing partners*
