EVERY MOMENT MATTERS

Music and Drama Newsletter

From exploring our voices to creating ensemble performances, students have been building their musical and theatrical skills. Across all grade levels, we are also rehearsing for our Veterans Day Assembly.

WHAT WE'VE BEEN LEARNING

EARLY LEARNERS | TK–2

Our youngest musicians are using their voices as instruments! They are exploring high and low sounds, pitch, and solfege—the do, re, mi syllables that help us learn melodies. They are also practicing ostinatos, short musical patterns that repeat.

ELEMENTARY | GRADES 3–6

Students are exploring melodic movement and ostinatos while learning about four vocal parts: soprano, alto, tenor, and bass (SATB). Through ensemble performances in class, they are practicing how individual parts work together to create a shared musical sound.

MIDDLE SCHOOL | GRADES 7–8

Our performers and creators are writing scripts, directing, producing, and rehearsing ensemble performances. These projects give students opportunities to develop their ideas and work together to bring a performance to life.

HIGHLIGHTS FROM THE DRAMA DEN

This month, the Den has been filled with vocal exploration, ensemble music, and student-created scenes. Students are bringing these experiences into rehearsals as they prepare to honor veterans through song.

ASK YOUR STUDENT ABOUT

- Can you show me a high sound, a low sound, or a solfege pattern?
- What is an ostinato, and can you sing or clap one for me?
- What is your role in your ensemble, and how does it help the group?

A MOMENT TO CELEBRATE

We celebrate students who listen closely, contribute ideas, support their ensemble, and take creative risks. Every rehearsal and every small improvement counts.
