A	I can infer that the cause of the riot was because of the disrespect between two major religions.	the text tells me " many muslims were upset as they felt that their religion was being disrespected"	this suggests that the muslims noticed Maria's actions, displeasing the muslims and Christians resulting in the riots.	this source was published to inform the readers that Maria, originally a Christian, was married to a Muslim and soon became a Muslim so that Maria could adapt into her society and new lifestyle.
B	i can infer from the source that the cause of the riot was the fact that Maria had no rights on what religion she wanted to follow.	the text provides, 'brown noted that Maria "had no capacity to become a Muslim because she had been baptised a Roman Catholic"	this suggests that muslims thought that Maria should have rights to see if she wanted to become a Mulia or stay a Roman catholic
