This annual golf tournament fundraiser creates resources used to train 4-H youth in leadership and development. All monies raised at this event go towards: Scholarships, STEM and robotic programs, to help fund Ambassador programs, and to empower 4-H youth with opportunities to explore new interests, learn new skills, and contribute to their communities.

Youth who have participated in the 4-H program have proven results* of: Better grades, higher levels of academic competence, and an elevated level of engagement at school. They are nearly twice as likely to go to College, are more likely to pursue courses or a career in science, engineering, or computer technology. These same youth are shown to have had significantly lower drug, alcohol, and cigarette use than their peers.

***According to a Tufts University Study**
