

Information for the Hackathon 2018:

<https://www.first.org/hackathon/>

Call for topics

This document is meant to be a Call for topics.

Everyone can add topics, descriptions and ideas.

You are free to add your name to the idea.

In the first 5 minutes of the hackathon, we plan to have short round of introduction on the ideas people want to work on.

Topics

Timesketch

Overview: Timesketch is a opensource tool work together on Timelines.

The plan is to work on some of the issues being reported e.g.

- making it possible to import redline csv files using the UI
- improving the documentation
