

NFT LICENSING WORKSHOP

IN COLLABORATION WITH THE EUCI REGULATORY WORKSHOP

DevConnect: Tuesday April 19th 2022 (9:30 - 13:00 AM), Room 1

SESSION SUMMARY:

This workshop aim to create a new set of licenses with modular terms and conditions to enable artists to increase the value of their NFT by associating additional rights to them (e.g. the right to create derivative works, or the commercial usage of the underlying works). Our solution will allow for any licensed rights to be granted, only and exclusively, to the current holders of an NFT, and to be transferred automatically to the new token holders everytime the NFT is being transferred.

Agenda

09:00 - 09:30 - *Coffee*

9:30 - 10:30 - **Presentation on the NFT Licensing Task Force:**

Overview of Framework, Specification & Rationale

10:30 - 12:30 - **Breakout Groups:**

Group 1: Legal Perspectives (*Anja Blaj + Maria Riivari*)

Legal Text of the License

Relicensing & Sublicensing, Revocability & Compatibility

Group 2: Technical Specifications (*Isaac Patka + Manu Alzuru*)

Immutable Link between NFT & Associated Licenses

Specify Parameters on Wrapping, Upgradability

12:30 - 13:00 - **Exchange & Reconciliation of Perspectives**

Key Recommendations and Next Steps

Location: [Creative Point](#), Kanaalstraat 132 H, 1054 XN Amsterdam, Netherlands

MARKETS IN CRYPTO ASSETS REGULATION WORKSHOP

IN COLLABORATION WITH COALA

DevConnect: Tuesday April 19th 2022 (09:30 - 13:00), Room 2

SESSION SUMMARY:

The Markets in Crypto Assets Regulations has been issued in September, 2020. At this moment the regulation is in its final regulatory stage, it has been discussed in the dialogues. The aim of the workshop is to update the participants on the recent developments, to point out the major open questions and discuss the potential outcomes for crypto organisations, especially for DEFI.

Agenda

09:00 - 09:30 - *Coffee*

9:30 - 10:30 - **Introduction: an update on MICA**

Update on MICA, The last drafts and the timeline

10:30 - 11:30 - **Brainstorm: Discuss the major open questions**

We'll Identify open questions & explore the potential outcomes

11:30 - 12:30 - **Breakouts: focus on specific topics and discuss potential outcomes**

Collectively trying to understand what could specific MICA's provisions be implemented in EU

12:30 - 13:00 - **Breakout groups present results and new open questions**

DAO MODEL LAW WORKSHOP

IN COLLABORATION WITH THE EUCI REGULATORY WORKSHOP

DevConnect: Tuesday April 19th 2022 (14:00 - 19:00), Room 1 + Room 2

SESSION SUMMARY:

The COALA DAO Model Law, which is in its consultation phase, provides a flexible legal framework that is tailored to the particular features and needs of DAOs and their future development, while providing the necessary legal certainty for DAOs and their participants. This workshop is aimed at collecting feedback on how to improve the model law, and brainstorm possible ways to revise it.

Agenda

14:00 - 14:30 - Introductory session: **Presentation on the COALA DAO Model Law**

14:30 - 17:00 - **Breakout Groups:**

Group 1: General Provisions; Formation & Proof of Existence (*Marina Markezic*)

Limited Liability, Asset Subscription and Members' Rights

Internal Organisation and Disclosure

Group 2: DAO specific: Contentious Forks; Restructuring & Failure (*Ori Shimony*)

Application of General Business Organisational & Taxation

17:00 - 18:30 - Plenary Discussion - Restitution of each group and discussion

18:30 - 19:00 - Key Recommendations and Next Steps / Adoption Strategy

Location: [Creative Point](#), Kanaalstraat 132 H, 1054 XN Amsterdam, Netherlands

REGENERATIVE ICO WORKSHOP

IN COLLABORATION WITH THE EUCI REGULATORY WORKSHOP

DevConnect: Wednesday April 20th 2022 (09:30 - 13:00), Room 1

SESSION SUMMARY:

In this workshop, we are starting the legal research on how crypto communities, small and medium sized businesses and Zebra organisations can do crowdfunding with regenerative economic reward models like capped return mechanisms, community trusts and/or exits-to-community in order to remove or reduce harmful profit maximisation incentives. The research focus is on regulatory compliance of (existing) approaches for blockchain based crowdfunding in EU and US markets.

Agenda

09:00 - 09:30 - *Coffee*

9:30 - 10:00 - **Introduction: Regenerative ICO model & legal implementation strategies**

Overview of Framework, Specification & Rationale

10:00 - 10:45 - **Brainstorm: Legal Hurdles**

Collaboratively collect regulatory hurdles & open research questions to be explored in the breakout groups

10:45 - 11:00 - **Break**

11:00 - 12:00 - **Breakouts: Collect Models and further questions**

Collecting different techno-legal solutions and more open questions to be researched.

12:00 - 13:45 - **Breakout groups present results and new open questions**

12:45 - 13:00 - **Next Step Roadmap and task force**

Collect interested people to continue the research in a working group
