

## President Report – February 2024

Our reciprocities have been sent to Dressage Winnipeg, Manitoba Hunter Jumper, Manitoba Pony Club, and Distance Riders of Manitoba.

Dressage Winnipeg and Distance Riders have accepted and given us their dates and I uploaded them into the reciprocity folder in the drive. If their dates could be published for our members so that they know what is available to them, our clubs would all appreciate that.

Shelagh and I held a meeting with Amelia, we offered her the opportunity to hold a bronze sponsorship in exchange for the edited video she created. We also informed her about the ability to promote and offer her talents to our membership like outside shows. We are awaiting an answer from her on the acceptance of that offer.

I am working on the application for the shed, but in the meantime Karen and I met a sandblaster friend of ours to discuss the death star. He informed us that repairing the door of the trailer is just a matter of replacing the hinges and would not be a large undertaking. It appears the biggest hurdle will be getting the tires off.

The eventing committee meeting was pushed back to March 4, 2024 so I will not have anything to report from them until next meeting.
