Welcome to Password Guard (Offline) Pro ("the App"), developed by **teoryul**. This Privacy Policy explains how we collect, use, and protect your personal information. By using the App, you agree to the terms outlined in this policy.

1. Information We Collect

- **No Account Information:** The App does not require the setup of any user account, and we do not collect any personal information associated with user accounts.
- **Local Data:** The App operates offline, and all data, including sensitive information such as passwords, is stored locally on your device. We do not have access to this information.

2. Use of Collected Information

- **Internal Use Only:** All information collected by the App is for internal use only and is not shared with any third parties.
- **Data Encryption:** Sensitive information within the App is encrypted to ensure the security and privacy of your data.

3. Third-Party Services

- **No Data Sharing:** The App does not share any user data with third-party services or external entities.

4. Security Measures

- **Encryption:** The App employs encryption techniques to protect the confidentiality and integrity of your data.
- **Local Storage:** All data is stored locally on your device, adding an extra layer of security. You can delete your data at any time.
- **Google Play Licensing:** The App utilizes the Google Play Licensing service provided by Google Play to verify the licensing status of users who have installed the app from the Google Play Store. This helps ensure that only users who have legitimately purchased the app can access its full features. This process may require internet access to perform the check, but no user data is transmitted during this verification process.

5. Children's Privacy

The App is not intended for use by individuals under the age of 13. We do not knowingly collect personal information from children.

6. Changes to Privacy Policy

We reserve the right to update our Privacy Policy at any time. Any changes will be reflected in the updated policy posted within the App.
