

Important changes to the \$20 and \$30 tier!

Before anything else, November will be operating the same as usual! This gives everyone a full month heads up in advance to prepare, ask questions, and contemplate! ♥

I'll also be giving a reminder in approximately 2 weeks so that nobody misses it!

After months of planning, discussion, consideration, and development I think its finally time to move to the next step! After commission price increases and my skill developing more, I'll be changing my tier prices so I can allocate time to more consistency! (The 30 dollar tier being a colored sketch has been a huge crunch for me for months, good things ahead!)

Upon December 1st, these will be the available tiers!:

- **\$1 Tier:** No change
- **\$5 Tier:** No change
- **\$20 Tier:** Null
- **\$30 Tier:** Sketch tier as well as \$5 and \$1 benefits
- **\$50 Tier:** Colored sketch tier as well as \$5 and \$1 benefits (Limited slots)

How will this work?

Upon December 1st:

Anyone in the **\$20 tier** will either have to move to the new tier or unsubscribe **before** the new payment cycle on December 1st during November! Anyone interested in moving to the new sketch tier will be able to do so on the 1st! With the way the website works, I'm unable to delete tiers so long as a single person remains in it, I can only hide them so that nobody mistakenly subscribes to it after said changes!

For the **\$30 tier** it will be a very similar ordeal, however I will be reserving slots for all previous colored sketch tier members which I can open up once we're both online and readily available! **I will need \$30 tier members to message me to let me know if they'd like to subscribe to the new tier or if they'd like to back out so that I can open up slots for anyone else who would like to join!**

I know this is all a tid bit confusing, so if anyone has any questions or concerns you're free to ask here, in the server, or message me on discord!

I appreciate everyone's support and patience immensely!!
