Questions

This list of questions is only intended to guide conversations. You are welcome to talk about other related topics.

1. Have you completed your 10 hours of community service? If not, what is your plan for completing it by April 14? If yes, have you turned in your assignment yet? [Click here](#) to see volunteer opportunities.
2. How are you progressing on your plans for next year? What do you still need to figure out, decide, or do? It's okay if your plan has changed, as long as you have a plan and evidence that you are taking steps toward making that plan a reality.

By May 3, you will need to submit evidence of your progress toward these plans for HSBP #5. Look at the [Overview](#) for this assignment to see examples of evidence.

3. Tell your mentor who your ACGI/AP Gov teacher is and what period you have the class.
