

TITLE OF LAB REPORT *(be detailed - this is like a purpose question for the lab)*

YOUR NAME, **LAB PARTNER NAMES**, Mrs. Brunson, Block **#**, Due **MM/DD**/2019

Introduction: Replace this text with your introduction, starting here. See the handout and rubric for what to include in this section. Don't forget to include your hypothesis and rationale at the end of this section.

Methods: Replace this text with your methods section. See the handout and rubric. You should NOT include a step-by-step list of the procedure.

Results: Replace this text with your results section. See the handout and rubric. Don't forget to include a numbered graph or table. Tip: Use the "drawing" feature to insert the table/graph and a caption that stays with it!

Conclusion: Replace this text with your conclusion section. See the handout and rubric.
