Call for proposals/ SAB 2026

February 2026

Proposal should not exceed 7 pages

Type of application:

- ☐ Research project
- ☐ Seed money project

***Project Title*:**

Duration in months:

Project coordinators and research center(s) involved:
Indicate the center for the management of funds.

Description of the project:
Describe the State of the Art, objectives, characterization (3 pages max)

Methodology:
Describe the methodological approaches that will be used (one page)

Planned research activities:
Describe the research activities that will be carried out to carry out this project (2 pages max)

Expected scientific Outcomes:
Describe the scientific productions or events to which the project will lead (maximum one page)

If applying for seed money funding, please indicate which call you intend to apply to following the project.

Bibliography:
(One page max)

Available ressources:
Indicate, if applicable:
- the resources already currently mobilized for the project: personnel, other subsidies, etc.
- if you have submitted applications to other calls, "la soufflerie/wind tunnel" in particular, and if so, explain how the funding would be structured

Desired resources:
Indicate the budget needed, by detailing the categories of expenditure and specifying for the mission category how the required budget considers the climate impact, in particular in terms of the organization of physically and virtual activities. Then, indicate the overall request in the summary table, which can range from one to three years of funding.
