

So, first of all, some clarifications!

Despite using the F label, I'm actually a transgender girl not in transition yet and, despite being from Europe, the "Central Europe" label is not technically correct because I'm from Italy, in Southern Europe, but that was the closest label choice lol.

I am looking for a serious long term relationship. I am looking for people in Italy, and Europe (not more distant, sorry). I can do long distance relationships as well, but with the idea of ending the online part at some point and hopefully meeting some times a year if you're far.

I won't immediately show pics because I am very shy and I value privacy, so please bear with me. Also, please if you're looking for a very feminine looking trans girl, I'm not for you.

Please, **READ EVERYTHING** before actually texting me.

### **GENERAL INFO:**

My name is Angie, I'm from Italy and I currently study psychology.

I have a lot of passions that I often refer to as my "sweet distractions", because they often consume my time, energy but especially what I should be focusing on lol.

I like music, especially classical music and in fact I play the violin sometimes. I am also really interested in games, especially Nintendo ones. I have been a long time Pokemon player (I know a lot of things about the series) and I also really appreciate Animal Crossing. There are many games I haven't played and I am willing to play them at some point.

I also find the Linux world very interesting, despite not being a big expert (I installed Gentoo though!) and I love languages. I have studied several languages and I am an intermediate in French, while I am trying to learn Japanese whenever I have time (spoiler: I don't). I don't really watch a lot of movies because I tend to prefer TV series and anime. About anime, I haven't watched a lot, but my favorite ones include: Evangelion, Steins;Gate, Code Geass and Bocchi The Rock.

I am a pure introvert and I like my alone time, which results in me learning the most random stuff out of curiosity and giving space to my creativity. I also write sometimes. I am not really good at communicating in real life at first, but I can get better with time.

I am an atheist, but I don't mind what religion is my partner as long as they respect my boundaries and don't force me into anything (even because it won't probably work lol). I find Taoism and Buddhism quite interesting.

## **MY APPEARANCE AND PERSONALITY:**

I am pretty tall, standing at 6'1 (186 cm) and 73kg (convert it yourself, but yes I am normal weight) and I am not really a sports person, even though I don't mind taking long walks and swimming.

I might not be the most appealing, but I am really kind. I am often told to be nice and calm. I value loyalty and calmness. I like listening to people, but I get very involved if we share passions.

I am very rational and I am quite conscious. I like being analytical and carefully plan my choices.

I do have a dark side as well. I tend to be pessimistic and sometimes I could sound almost cold, but I promise you I'm not at all.

I do have some personal struggles, but I won't expand on that for now.

I also deal a lot with dysphoria, and unfortunately it's something that I will probably have for life.

## **LIFESTYLE:**

I am a pretty healthy person. I have a varied diet and will eat almost everything, but I eat very healthy food. I don't smoke and I don't drink. I can be a good social drinker though.

I don't exercise at all, but I'm looking forward to improving on this. Overall, I am a pretty healthy person.

## **WHAT I AM LOOKING FOR:**

First of all, people in Italy, but in general in Europe.

I am very open on relocating, but my conditions are:

- Not outside Europe
- In a Country that is knowingly open to LGBT people and has good laws for them
- In a city, but not too small

Despite being bisexual, I have a strong preference for cis men and that's what I am looking for. I don't really have any preferences if not for the fact that, like many girls, I'd like my partner to be taller than me. I know it's hard, but we all have a preference, don't we?

I am a bottom and I'd like to stay in that role. Also, I don't like talking about sex too often, nor I am into sexting at all and you can probably forget about exchanging nudes.

**YOU SHOULDN'T TEXT ME IF:**

- You're looking for someone very appealing
- You're a bottom (I don't wanna top at all)
- You're from anywhere outside of the EU and/or are considering moving far from the EU
- You're very very very sure of having kids
- You like a very confident girl
- You wanna do things too fast
- You just want to talk about sex
- Our age gap is more than 5
- You're not looking for something serious and lasting
- You wanna keep your relationship secret
- You wanna keep the relationship only online

**YOU'RE A PERFECT MATCH IF:**

- You're taller than me
- You share some of my passions
- All of the "PLEASE DON'T TEXT ME IF" opposites lol
