My Pet

I have a parrot named Kam Kam. He is a d is one year old. His head is orange. He has green feathers on his back and white belly. He has big red eyes.

Kam Kam is very friendly and loves to play with me. Every morning, he calls me to wake up. He is a very smart parrot. He learns to say like me, 'Ma Ma' and 'bye bye'. He listens to me every day.

Kam Kam loves walking on the floor. He enjoys playing a ball with me. Once, he found my lost toy under the sofa. He also shouts loudly when a stranger comes near our house, keeping us safe. I love my parrot very much!
