

"Rabid Urinals" (sung to the tune of "Magic Journeys")

Rabid Urinals

Rabid Urinals

Just an ordinary stall
All at once you are appalled
By a sight that cannot be
Now you are afraid to pee

You have spied a hundred fangs
'Round a urinal they hang
Gnashing, snarling, causing fear
In a flash they disappear
In flash they disappear!

Rabid Urinals
Will they bite?
Oh, the fear of unexpected sounds and sights
Rabid Urinals
Are they real?
If you pee, is it your privates that they'll steal?
Neither screaming, nor hush-hushing
No unzipping, and no flushing

You are recoiling in fear
You had better watch your rear
It's a dangerous sight to see
Even though you have to pee

Rabid Urinals
Rabid Urinals

You are holding it inside
Though your bladder's stretched quite wide
You resolve you will not go
From your head down to your toes

Rabid Urinals
Mystic bowls
How they scar those weak and unsuspecting souls
Is it safe now
Can I go?
It's a secret we will never, never know
Neither screaming, nor hush-hushing
No unzipping, and no flushing

No unzipping, and no flushing...
