

# 420 Celebration Virtual Check-In Schedule

**Event Purpose:** A public/private event to celebrate Our Cannabis Roots, Wellness and Prosperity.

A new feature in our 420 event mix is Live Check-ins. We are all celebrating 420 and we should all feel like we are together. So we will be. Live check-ins are a way to bring our Cannabis Nation Together.

Live check-ins will be broadcast live during our event as special guests call in from their location to join us as we send and receive blessings from around the US.

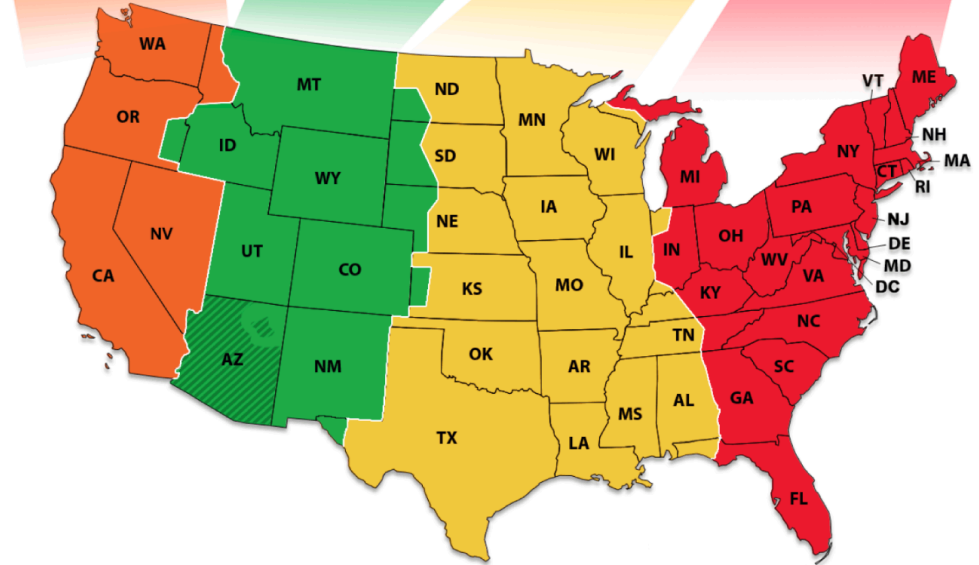

[South Maui Gardens](#) is the perfect setting for this public/private community 420 celebration.

Join the celebration early for an opening blessing and a 420 guided yoga session. Stay for a healthy breakfast. Talk-story with Cannabis professionals on all matters of health, business and cultivation of Cannabis.

No ticket is required to attend the event in the public areas of the garden. We will also have a special area for licensed patients and VIPs. We'll introduce special guests from around the US live to connect us with our extended ohana.

We'll have a traditional "Lighting of the Joints" ceremony and resume our communal 4:20pm celebration with an evening of live music, dancing, and fun for all concludes with a message of gratitude and aloha from the main stage.
