All 4th period band members are expected to attend their sectional.

Attendance will be taken at all sectionals. Sectional tests and assignments will be given.

Conflicts should be cleared with a director **before** the conflicts occur. Double-booking and poor planning on the part of students are not considered conflicts. Students are expected to communicate with all teachers, directors, sponsors, and coaches so they are at the appropriate place and activity and fulfill their obligation to all clubs/organizations in which they choose to participate.

Students needing to attend tutoring are kindly asked to plan ahead and attend tutorials on a day in which they do not have their sectional. If this cannot be avoided, please let a director know of the impending conflict ahead of time preferably 24 hours in advance. Excusing students to attend tutorials will be evaluated on a case-by-case basis.

Missing a sectional affects the entire team. (It's hard to develop a good offense in football if 2 O-linemen never show up for practice) ***Everyone's attendance and participation is needed.***
