

Amped: Eye to Sky

Amped have dispelled the “TKO Cover Curse” in Rio. Sky and Ellie continue to charge up the rankings in search of glory and gold. While Ella and Marina struggle and their two newest members start to gather momentum. But what do the girls have to say on all this?

The second in a series on “Guess the Amped Girl by body part”.

Round two is **Feet**. Can you pick the Amped fighter just by looking at her feet?

Sky: The Queen is ready to reign

16 straight wins for Sky Ferreira. Her next target: Dove Cameron.

“Bang. Bang. BANG!”

“I crushed Julianne Hough’s body and spirit with my knee shots in Rio. I made her bleed like a stuck pig. My accession to the top continues and I’m ready for more.”

“I am, without a doubt, the highest Power Ranked woman in the entire UCC.”

“There was no UCC Cover Curse for me. I’m a fucking steamroller and my next target is, of course, Dove Cameron.”

“Dove, the time for talk and name calling is over. In Singapore, at UCC XVIII, I intend to knock you out and take your title belt.”

“My reign as Queen of the UCC is about to begin.”

Ellie: Spinning her way to victory

A tight fought battle between Ellie Goulding and Doutzen Kroes.

“Not only did Sky win her match in Rio, but I fought tooth and nail to defeat Doutzen.”

“Fighting against her was probably one of the toughest matches I’ve had in the UCC. She’s always been a dangerous and talented MMA fighter, so I knew I was in for a rough night.”

“Doutzen defeated me back at UCC VI, so I do feel redeemed by knocking her out in Brazil. But I know the win was by the smallest of margins. I had to pull out an all or nothing spinning back kick to steal the victory.”

“I’m all set now to face Hellfire’s Kira Kosarin in Singapore. If I can steal another victory then my sights can be set on a title shot.”

“I don’t care if I face Raquel or Shailene for the title, I just want that shot at gold.”

Ella: A victory stolen

A judge's decision against Ella Yelich-O'Connor gives Maria Sharapova the win.

"I guess I'll have to fucking smile through the pain. Again."

"What the hell is up with these officials and judges in Rio? Who the hell is paying them off to give Sharapova the win and not me?"

"I won our fight. Fair and fucking square. When the final bell rang I raised my fists in the air and the crowd ate it up. I had that match in the bag. It was my Goddamn victory."

"But oh no. Those asshole judges had to give an extra point to that bitch Sharapova."

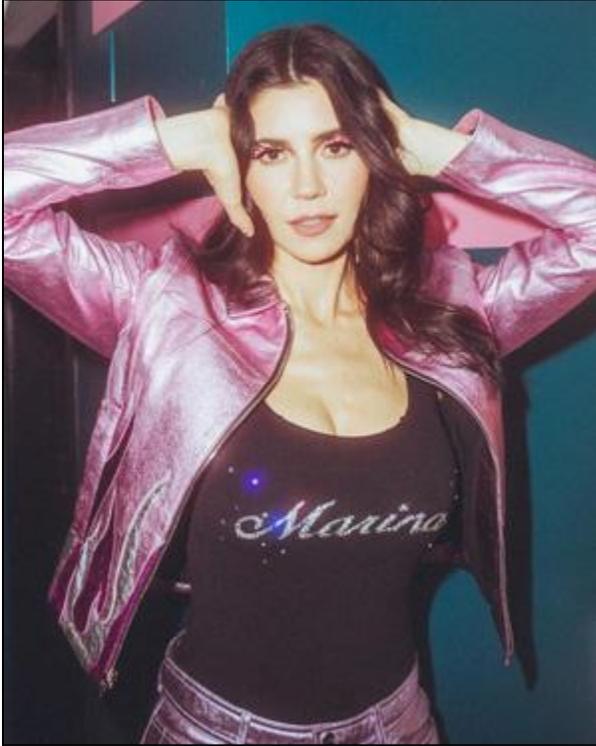

"It's fucking disgusting. If I ever see those mother fucking judges again, I'll execute every mother fucking last one of them!"

"Anywho, my next match is against Robyn Lawley. I'm sure that won't be biased at all. Yeah, right."

Marina: JLaw ends 6 in a row

Marina Diamandis can't stop a determined Jennifer Lawrence.

"That did not go as I had hoped. I don't think there was a single inch of my face that wasn't bruised and damaged after Lawrence pummeled me."

"It's so damn frustrating to be rolling along in the UCC with a series of great wins and then come slamming back down to reality when someone like Lawrence crashes your party."

"Now I feel like I have to reset everything and start again."

"It's like falling down a mountain and then having to climb up again. The summit is always just out of reach..."

"Ellie and Sky are climbing to the top, I've got to try to do the same."

Charli: one minute Superwoman

Charli Atichison flies into Hansika Motwani for the win.

"Did you see that?"

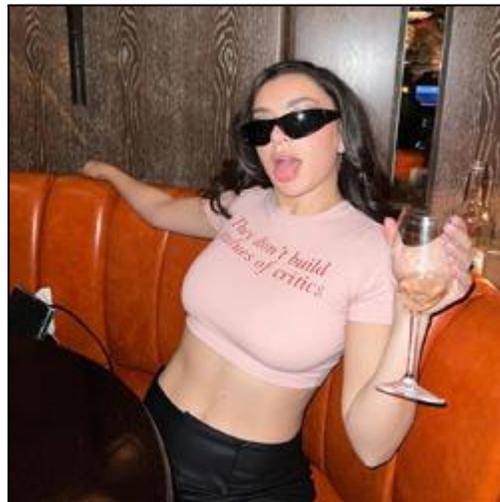

"Motwani called me a stupid cow, so I slammed her out cold with a Superman punch. Done and dusted in just over a minute."

"Vroom Vroom."

"My next fight in Singapore is against Elettra Ferrari. No, it's Elettra Maserati. No, it's Elettra Pagani. Actually, it's Elettra Lamborghini."

"Well, actually it's Elettra Lada."

"Let's fucking go!"

Bebe: Fallen from grace

Bebe Rexha suffers another defeat, embarrassed by Elizabeth Gillies .

"Ouch."

"My third loss in a row. And I'm yet another Amped girl to suffer at the fists and feet of a Hellfire Girl."

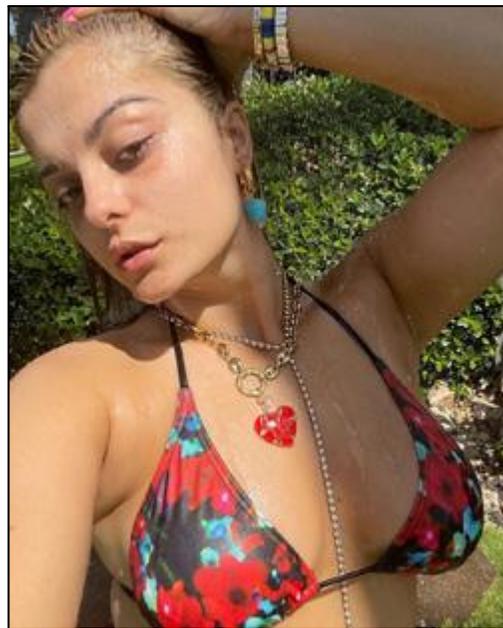

"I failed to epic proportions to Liz Gillies. She crucified me, absolutely demolished me."

"I keep going backwards and I'm frustrated to think this pain and suffering in a UCC cage could continue at the next event."

"Can I atleast get a win against a Karate Diva in Singapore?"

"Or will I again be embarrassed?"

"Bebe, out."

Louisa: Do I get points for hanging in there?

Louisa Rose Allen, another Amped victim of the HGC.

"I don't know about the TKO Magazine curse. But I think we're cursed by Hellfire Girls Club!"

"I was beaten up for five whole rounds at the Rio de Janeiro Cathedral. I guess I was closer to God, but OMG, my body was pounded by Salma Hayek. And not in an R-rated way."

"This was like the third loss in a row for me. I'm not the kind of girl who likes to make a fuss. But I at least want to be noticed. Come on, I need a win!"

"I'm nervous that I'm fighting Ashley Greene in the next event. She's not Hellfire, she's Stikeforce!"

"What if *The Boss* is there?"

Dua: Hey! I won!

Dua Lipa gets a rare win, as she dominates Stephanine McMahon.

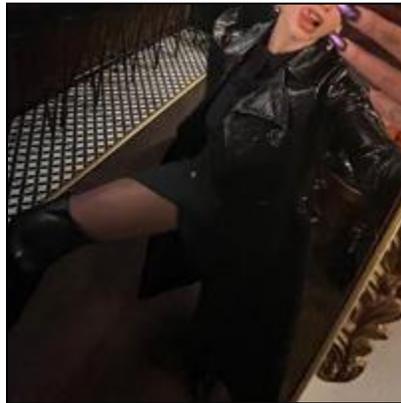

“That was a lot easier than I ever thought it would be. I was shitting myself before Rio. I really did not want another loss on my UCC card.”

“So, thank you Billion Dollar Queen for being such a pussy and letting me whip your fat ass for two rounds of MMA action.”

“It was an easy win, but fuck it. I’ll take the win. Easy or not so easy.”

“Speaking of easy. In Singapore I’m fighting Katy Perry. From what I hear on the music grapevine, Katy is about as easy as you can be.”

“I guess she had to suck a lot of cock to get her record deal.”

Beatrice: Give me a better opponent

Beatrice Laus rattles Amrit Dhaliwal and takes a win.

"Slam dunk, da funk."

"I'm crushing these bitches faster than Max Verstappen takes pole position."

"I don't even remember the name of the dumb bitch I knocked out in Rio."

"Amrit? Was that her name?"

"Who even gets too fucks?"

"I sure as shit don't."

"Bring on my next opponent. I don't even care who it is. Probably just another old bag of bones looking to get her ass kicked, just so she can actually feel something."

Rina: Finally, something to selfie about

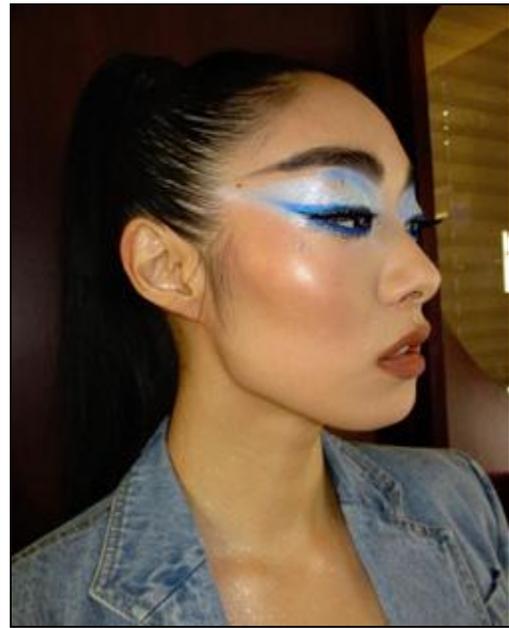

Rina Sawayama takes it to Elle Voneva.

“Don’t fuck with me.”

“You are all warned.”

“Robin Holzken, prepare yourself.”
