**Setting up OU Accounts**

**1. Create your Personal PIN**

Please go to <https://netid.oakland.edu/profile/> to reset your personal PIN of choice. You will need your Grizzly ID (G#), your birth date, and will need to create a security question and answer. You must enter your first and last name exactly as entered in the account creation screen.

NOTE: These fields are upper and lower case sensitive. Please use the upper case "G" when entering your Grizzly ID number.

It is critical that you keep your Grizzly ID (G#) and your newly reset PIN to login to our system in the future.

**2. Establish your Oakland Email Account**

Visit <https://netid.oakland.edu> and click on "Create NetID account" to establish your Oakland Email account and create a NetID password.

It is critical that you keep your NetID and NetID password to log into our system in the future.

You will then be able to access [moodle.oakland.edu](https://moodle.oakland.edu) and the course content.

**Self-Paced Online Teaching Workshop**

This on demand workshop is intended to help faculty who need to become prepared to teach online quickly. You can start it at any time and complete it at your own pace. On average, the workshop will take about 4 hours to complete. By the end of this workshop, you should feel prepared to design and facilitate the basics of a quality fully-online course.
