Glossary

animal	any living thing that can move or feel. Animal is sometimes used to talk only about cats, dogs, cows, etc, and not about people, birds, fish, or insects.
wild animal	A wild animal lives in nature, not with people, e.g: <i>a lion or an elephant</i> .
pet	an animal or bird that lives with people in their home. Dogs and cats are common pets in Britain.
insect	a small animal with six legs and usually wings e.g: <i>a bee, a fly</i>
zoo	a place, often in or near a town, where people can go and look at wild animals.
farm	land and buildings where keep animals and grow things. The person who does this is a farmer . <i>Pigs and cows are farm</i> animals.

Practice

Exercise 1: Write the names of these animals and insects in order from big to small.
