

## All about Mrs. Crossman

I'm a graduate of North Carolina State University and have a Bachelor of Science degree in Animal Science and a Masters Degree in Agricultural Education.

I am married and have two daughters. The oldest is a sophomore in high school and is a competitive golfer. She hopes to play college golf after she graduates. The youngest is a fifth grader. She loves all animals and being outdoors. She hopes to join her school's archery team next year.

I enjoy being outdoors and spending time visiting state and national parks. We love to go hiking and spending time outdoors.

We have a few pets at my house! We have a dog, a cat, and two snakes. One of our snakes (the ball python) will turn 21 years old this year!
