8th August 2025

Field Visit to Rayat Centenary Innovation and Incubation Foundation (RCIIF)

Details of Activity:

Title of Activity: Field Visit to Rayat Centenary Innovation and Incubation Foundation (RCIIF), Kharghar

Duration: 3 Hours

Attendee Number: 34

Name of Resource person: Mr. Deovruta Jadhav, Manager RCIIF

Name of Collaborating Agency: Rayat Centenary Innovation and Incubation Foundation (RCIIF), Kharghar.

Objectives of Activity

- Field visits offer students hands-on experiences that complement theoretical knowledge gained in the classroom.
- To help students understand the functioning of **RCIIF**
- To cultivate an entrepreneurial mindset.
- To deeply understand how to execute a business idea to form a product or service which has meaning in life.
- To educate students and staff about cyber threats like phishing, malware, ransomware, and data breaches.
- To expose the learners for careers in robotics and automation

Description of Activity

The Department of B. Com. Banking & Insurance (BBI) and Student Association had organised a Field Visit to **Rayat Centenary Innovation and Incubation Foundation (RCIIF)** on **Friday, 8th August 2025**. The visit was attended by **34** students.

The main purpose of the visit was to give children opportunities for learning outside of the classroom and gain practical experience in the real working environment of industries.

The students received a brief introduction to RCIIF from **Mr. Deovrut Jadhav, Manager RCIIF**. He explained to the students the goals and operations of RCIIF as well as the resources it offers. Additionally, students were given a quick tour of the RCIIF facility by MR. Deovrut Jadhav, who gave them an overview of the different equipment, technologies, etc. Students had enjoyed interacting with the Robo at the premises which provides students with practical experience in designing, programming, and operating robots. The students had also visited the **Cyber Security Room** (Cyber Security Operations Room, or Cyber Security Awareness Room) which was a dedicated space for learning, monitoring, and practicing cyber security measures. Students also enjoyed

Students also learn about the following RCIIF provided amenities:

- Comprehensive business training program
- Access to funding opportunities
- Legal/HR/Finance/IP services
- Dedicated office space
- Business modeling & Strategy planning support
- Business Valuation & equity advice
- Business Acceleration facilities
- Robotics
- Cyber Security Room

Benefit to Volunteers (students):

Students were introduced to CIII. They also learned more about how CIII operates. It will assist students in cultivating an entrepreneurial mindset. Visiting an incubation center can help students gain insights into potential career paths within research, innovation, entrepreneurship, and related fields. It allows them to explore different career options and understand the skills and qualifications required to succeed in these areas.
