(and King Spook?)

Short Log By Doctor T. Eureka

December 15th 2003:

"I've Been Researching This Unique Subject Ever since Louis Captured Him For Me. According To some Tests And some Answered Questions although unwilling and very stubborn King Spook Was The Ruler Of The Undead And Apparently Worked With Bruiser, however I do not believe that is true. But Anyway It's Crown Seems to grant Him in basic terms X-Ray Vision With The Eyes Being Made Out of Pure Crystal The Reasons Of how is Unknown Another Thing is That he Seems To be able to Turn invisible. made me believe that he broke out of captivity! Heh, Anyways I've got some more research to do. Imagine the POSSIBILITIES now that I have a KEY to learning about the Undead! End Log"

Log 309

September 18th 2004:

"This Is Dr. Eureka Speaking. It Seems King Spook Uh.... Disappeared??? Don't Know how But i found that his containment Cell was Broken Out This Morning I Do Not Know Where He Is So For The Next Month, I'll Be Running Searches Around the area near my lab And If not Found Then I May Have To Contact The Princess About This Matter. End Log"

Log 327

October 31st 2004:

"You May Be Confused On What Happened Last Log And i'm wondering that myself..... My Assistants Mysteriously Became Aggressive Like They Were Before I Met Louis And I went searching For Any Answers And As It Turns Out... I Found a Piece Of The Shadow Meteor.... This Means SOMETHING Destroyed It And Based On How This Started A month after King Spook Escaped... Yeah he Probably Destroyed It... But Worry Not! I Sent Out Louis To Try and Gather The Remaining Pieces And hopefully Re-Capture King Spook. End Log."

LOG 5700K

King Spook speaking! decided to leave this log to MOCK that old coot... so if you're listening to this Dr Eureka, GOTCHYA! HAHAHAHAHAHAAAA! I can't believe this Hotel scheme my admirer set up WORKED! Eureka is as GOOD AS ART! His lil vacation took a wild turn, now I don't need to worry about getting caught again... unless he brought that STUPID vacuum which I CAN'T find for the life of me... OH WELL! just four or five more guests to invite, and the Mariano Brothers and their friends will live the rest of their lives ON MY WALL, and this time... OH THIS TIME, I know they're not escaping... Spook out! HAHAHAHAHAAAA!!!

LOG 5701

Hotel Hell:

"This Is Dr. Eureka Speaking I've Recently Got Back my Audio Logs heard that MOCKERY of a audio log

This Hotel "The UnderWorld Hotel" Is Apparently A Trap! Trapped Me After I got Tricked By The Hotel's Owner! However, Luckily Louis was The Only one To Escape King Spook, I knew I can always count on him! And Got Me Out Of That Painting! So I've used my Prototype Portable Lab As a Safe Space Until We Can figure out how to Capture King Spook! Dr Eureka Out."

LOG 7833

"I've Been Noticing Full Disappearances..... The Princess Has Disappeared The Warton Brothers Mariano and Worst Of all LOUIS! I Don't Know Where They Went. They just disappeared into Thin Air so I've been researching what could've happened and I've been noticing weird things occurring around me.... I don't know.... just Feels Like a SuperNatural Force Is Waiting For Me to Be Most Vulnerable To Be Taken Or Something... Eureka Out"

LOG 7835

Last Log From Eureka Until He Disappeared...

"I'VE PUT MY LAB IN COMPLETE LOCKDOWN JUST AS A DEFENSE MEASURE I DON'T KNOW WHATS GOING ON BUT SOMETHING IS NEAR MY LAB AND I DON'T KNOW WHAT IT WANTS. THE RADAR IS JUST SHOWING IT CIRCLING AROUND MY LAB. I'LL JUST HAVE TO WAIT THIS OU-....."

LOG:

What's the point?:

King Spook again, stole this old log-recorder-thingy from one of Eureka's old labs and just.. I need to get this off my chest... It's been a while now, I'm free from his trap... and Mariano and the others are gone... even Louis... I figured now it was a good time to fulfill my DREAM, ruling over EVERYTHING!!! But there's, nothing to do. I wake up, get ready for the day, eat breakfast, rule, try to scare a few people, then go back to bed if I even CAN... It's just, so boring. I tried going to Penelope's castle to see if she was hiding from Bruiser, nope, gone... went to go see if Bruiser was up for a card game for old times sake... GONE! Even the Warton Brothers have

just VANISHED! Yobert island is too far from here for me to BOTHER and the Shroomish are too depressed to be scared by me... I have everything I'd ever want... but what's the use? WHAT'S THE USE OF RULING IF EVERYONE DOESN'T CARE!?!? Eureka has even thrown his labs into FULL LOCKDOWN so I can't even go after HIM!

I, hate to say it.. but I miss Louis, the lil guy caused me trouble sure! but, it was fun fighting him even if it meant me losing, I'd give anything to fight that stupid green twerp again... anything...

Spook out, maybe for the last time...

LOG!!!

Spooks last log, found after he and his mansion vanished:

You're not gonna believe this, some GUY just showed up at my WINDOW! he, keeps knocking... I'm supposed to be the scarer, but right now? I'm SCARED!! What does it want? What does it need? do I have to-

Hello King Spook

GAH?! WHO ARE YOU?! WHY ARE YOU HERE?! DON'T MAKE ME-!

Calm down, I have an offer for you

I don't care.. BEAT IT!

Listen first, listen... you're bored aren't you?

What's it to ya?

I think, I might have a source of entertainment for you

...I'm listening

I've heard, you miss Louis and the others.. I happen to have them in a little pocket dimension, a game of sorts for many hunters to go out and try to kill them.

And you're offering me to take part in running from others? pass...

No no no, Mr Spook, YOU'LL be the hunter, I'll give you whatever you need to have fun here, even let you rebuild your manor and hang up pictures of your work

...

And don't worry, they can't escape, and you can't be trapped. If you ever wish to leave, just tell me... do we have a deal?

..if what you say is true, that you DO know where they are, that I can pursue them once more... then you have a deal!

Good... good

So, when I'm I leaving? Do I need to pack-?

(And just like that, King Spook and some of his loyal subjects vanished... The Shroomish found his manor empty afterwards, and tell rumors that some monster lives in the outskirts, lurking around wishing to take whatever it can)
