

2027 Student Symposium Oral Presentation Scoring Sheet

Presenter's First and Last Name: _____

Judge's Name: _____

Use the following scale to rate the presenter:

1 – strongly disagree - 10 – strongly agree

Attribute	Rating
1. The speaker clearly explained the research/scholarly question and hypothesis.	
2. The speaker included an appropriate amount of background information or context so I could easily follow the presentation.	
3. The broader significance of the research was clearly stated and connected to the research/scholarly question.	
4. Experiments, methods, underlying theories, or critical approaches were well-explained and suitable for addressing the research question.	
5. The presenter clearly and convincingly explained how their results and analysis support their thesis or stated hypothesis.	
6. The presenter had a clear conclusion slide that answered the research question and logically followed the results.	
7. The presentation was designed for a general audience and explained technical terms.	
8. The presentation was well-organized and followed a logical order.	
9. Slide design contributed to the effectiveness of the presentation (clear and visually appealing).	
10. The oral delivery of the presentation was effective (the presenter was loud and clear and had a good, consistent pace).	
11. The presentation fills the allotted time (10 minutes max).
