

CC+Ai (Video Editing) Outreach.

DISCLAIMER: I'm from the Content creation bootcamp, so our outreach model is extremely straightforward.

Outreach 1#

Hi Ian,

To demonstrate how you can increase your viewers retention rates, engagement, and make your short form content more prominent in the (Industry), I went ahead and made an exemplary clip, optimizing all those variables.

(Its underlined because il insert a link leading to a google drive folder which would have the FV-Video edit)

Shoot me to reply to schedule a call if creating such level of content for (Company name) interests you.

If you want such a level of editing for (Company), let's schedule **a call this week.**

Best regards,
David.

Outreach 2#

To demonstrate how you can expose (Company)'s lifestyle to the myriad of gun enthusiasts, I've improved your short form content to be more engaging, increase your watch hours, and get more eyes on your magazines.

To demonstrate how you can expose RECOIL TV's lifestyle to more gun enthusiasts, I've improved your short form content to be more engaging, increase your watch hours, and get more eyes on your magazines.

Check it out here. <https://streamable.com/tj6c7d>

If you like it, feel free to shoot me a reply to schedule a follow up call on putting the above mentioned into practice.

Best regards,
David.

Why not capitalize on your massive library of content by repurposing it for short form content that would expose RECOIL TV to plenty more viewers and reputable influencers?

Here's an example I made (which you're free to use) of what such content could look like. [look like](#).

You could easily capitalize on short form content for RECOIL TV's social media with your massive library of long form content. The videos could look like [this](#), and they would expose your brand to plenty of other reputable influencers in the sphere.

Why not capitalize on short form content with your massive library of long form content? You could easily expose (Company) to a plethora of viewers and reputable influencers in the sphere by doing so.
