

6th GRADE REGISTRATION REQUIREMENTS

IMMUNIZATIONS

Get a jumpstart on preparing your child for 6th grade by getting their immunizations up-to-date now!

Indiana Code 20-34-4-2 requires that all students be fully immunized prior to entering school. "No child will be permitted to attend school unless he is fully immunized."

If you do not wish to have your child immunized due to religious beliefs or medical issues, you must provide the school something in writing EVERY year before the first day of school. If there is a medical contraindication, a physician must provide documentation.

Plan ahead! It's important to review your child's immunizations now and obtain the necessary immunizations your child will need to attend the first day of school.

***Please note- registration and attendance may be delayed if immunizations have not been turned in on time. Students may be unable to participate in sports and extracurricular activities until immunization are up-to-date.**

All childhood immunizations:

(3) Hep B

(5) DTaP

(4) Polio

(2) MMR

(2) Varicella (Chicken Pox)

(2) Hep A

PLUS: Required for 6th grade- (1) MENINGITIS (MCV4) and Tetanus (Tdap)

Given at 11-12 years of age per CDC and AAP guidelines.

YOU MAY CALL THE PORTER COUNTY HEALTH DEPARTMENT, 219-465-3525, FOR QUESTIONS ABOUT WHAT IMMUNIZATIONS YOUR CHILD NEEDS IF YOU ARE NOT SURE. You may drop off immunizations in the middle school office or email to kttriezenberg@union.k12.in.us or fax 219-759-4359.
