# 2024 PasstoPass Testimonials

Moby Daiber, Support hiker (2024) Auburn, WA

It was a wonderful week with each of you and I really enjoyed our group together. It was a lot of fun, laughter, beauty, community spirit, challenges, and conquering those challenges. Very proud of our group!! I hope to get pictures loaded soon; I need my Spectacle Lake tech team

Dave Baumgart, Bellevue, WA Trip leader (2024)

You all were a wonderful hiking team and Eric and I really appreciated each of your helpful and flexible attitudes throughout our 7 days together.

You all were the strongest Pass to Pass hiking team that I have had the privilege to hike with. Congratulations on following thru with your fitness plans and achieving your preparations for the hike.

Those of you who hiked on Thursday to see Spectacle Lake totaled more than 42 miles for the entire week – by my count. This is a record hiking length as far as I know, for a Llama assisted trip.

The rest of you totaled between 30 and 35 miles total for the entire week.

You were an impressive team!

Katie Miller, Support (2024) Lacey, WA

I wanted to reach out and say Thank You for creating such a wonderful organization. I'm still processing my experience from Trip 7, but I know that my time with that team has changed me. What an incredible group of people.

You guys have made something beautiful and I am so grateful to be apart of it. Dave and Eric were amazing leaders and I learned so much from them. And the llamas…!! I think I'm in love. Haha. Hopefully it's ok, but I reached out to Middle

Earth Ranch to see if they would allow me to come out and spend time with the llamas. They're about a 30 minute drive from my place.

You might see an influx of people interested in being support hikers. All my friends saw my Instagram stories and they had so many questions! And wanted an opportunity to join in too. Does the organization have an Instagram? Would you like one?

Again, thank you so much for such an incredible opportunity and adventure. Keep being amazing!

Now that I have finally removed all the sand from the dressage arena, I have to say that from the minute I lost my phone until I arrived home this has been the most incredible week of my life (even Fred's squirrels and magic tricks). As a group I think we were the perfect match. Dave and Eric, you are the best cruise directors, The positive attitude you exuded was infectious. Rose, Moby, Will and Fred you knew when I needed help and when to let me muddle my way through. Jeanie and Sheila what an inspiration. I can only hope that I am able to accomplish what you did 10 years from now, Joe sorry for the lemonade  Hope to see you all next year.
