

Hi, Da Vinci Students and Families,

We are happy to offer a number of exciting summer opportunities for students. In this document, you will find a running list of internships, volunteer, and college opportunities.

Some opportunities have fast-approaching deadlines! We will continue to make updates as more opportunities arise.

Students are eligible to receive 5 summer school credits for 60 hours of service. Opportunities can be combined to reach the 60 hours.

Outside internship: Do you already have an internship secured? Let Crissel know so she can make sure you earn summer school credit for it!

Other details:

- **ELIGIBILITY:**

- Unless otherwise stated, the opportunities are open to all grade levels.
- In addition to the applications required by industry partners, students must provide the following:
 - A paragraph explaining why this internship is interesting to you and what you hope to gain from the experience. Please include if you have any other summer commitments (a summer job, taking care of siblings, planned vacations, etc.) Please email your paragraph to crodriguez@davincischools.org and include your grade level and what Da Vinci school you are attending (Science, Design, DVX, etc.)
- Students are expected to communicate with industry partners and Crissel independent of parents/guardians. Students are expected to communicate promptly and professionally via email.

Questions or Concerns?

Reach out to Crissel Rodriguez, Director of Real World Learning, at crodriguez@davincischools.org.

Business

The INROADS Internship Program matches underrepresented minority students with internship opportunities with more than 60 major corporations, including Fortune 500 companies. Students who have career interests in Business, Retail Store Management, Sales, or Marketing are encouraged to apply. You must be either a graduating high school senior who has been admitted to an accredited college or university or a college freshman or sophomore to be eligible for these internships. High school students must have a minimum 3.0 GPA, college students must have a minimum 2.8 GPA. All applicants must be permanent residents of the United States. To apply, click here: [Link](#)

Design

Learn how to pitch a game, live-action, or animated series with: The Walt Disney Studios, Warner Bros. Discovery, Nickelodeon Animation, 9B Collective, and Bungie at BRIC's Summer Internship! Any high schoolers who are graduating class of 2022 or 2023 are eligible to apply. Apply at <https://tinyurl.com/22-BRIC-Internship>

The [National Organization of Minority Architects](#) is offering a **virtual** [Project Pipeline Architecture Summer Camp](#). This opportunity is available for youth age 10 – 17 designed to expose youth to the built environment and architectural profession. Activities include architectural design, engineering techniques, hands-on model making, engaging with architects, and virtual tours. The Camp Session Information is as follows:

Saturdays in July & August

Time: 8 am – 5 pm

The registration fee is \$100. If you require financial assistance please email crodriguez@davincischools.org.

Habitat for Humanity is offering volunteering opportunities at their ReStore in Torrance, which supports Habitat LA's local homebuilding mission. From customer service to interior decorating, the ReStore offers various volunteer options. Volunteers sort through donated items, help with floor staging, restocking shelves, maintaining a clean floor inventory, and providing outstanding customer service. Volunteers must commit to at least 3 to 4 shifts per month and must be fully vaccinated. To learn more, [please click](#)

[here](#).

Girls Make Games is offering a virtual summer camp where you can learn how to design and program your own video game in just 3 weeks! You will receive live gilded instruction, and each participant can submit their game to industry judges to win prizes. You will also get the opportunity to meet industry role experts and learn about careers and pathways in the video games industry. You must be 13-18 years old to participate. No prior coding game development experience needed! Program dates are July 11-29 Monday through Friday. There is 100% need-based financial aid to make the camp accessible to all. To learn more, [click here](#).

Communications

**WOMEN'S
VOICES
NOW**

[Girl's Voices Now](#) is a free intensive summer film program to train in the technical and practical art of documentary filmmaking. Applicants must be: entering grades 9-12, up to 18 years of age and currently living in Los Angeles County. A \$500 stipend will be provided to participants upon the

completion of the program. Application is due June 7. [Apply here](#).

The Filmmaker Club is a free 6-month program for queer, trans, black, indigenous, and other people of color (QTBIPOC) ages 18-24. This program teaches the basics of filmmaking and photography. Filmmaker Club participants will attend

workshops, work on personal projects, and get hands-on experience working with shots. [Apply Here](#)

Oppti's Internship Placement Program offers passionate students, like you, the opportunity to gain skills and experience remotely year-round!

Learn high-demand skills such as:

- Social Media Management & Production
- Partnership Marketing
- Public Relations & Content Writing
- Email Marketing
- UI-UX
- Competitive Analysis
- Sales Development
- Podcast Management
- Search Engine Marketing & Optimization
- Grant & Financial Competition Research

Based on your interests, you will be matched with large companies such as Johnson & Johnson Innovation, to VR/AR companies such as YUR. Take the first steps towards your future and get ahead by applying for May. [Apply here](#) - Limited Space Available.

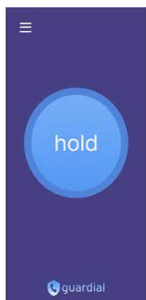

Learn how to pitch a game, live-action, or animated series with: The Walt Disney Studios, Warner Bros. Discovery, Nickelodeon Animation, 9B Collective, and Bungie at BRIC's Summer Internship! [Guardian](#) is a sexual assault deterrence app dedicated to improving the safety of people all over the world. They are seeking a Social Media Intern and Freelance Writer to promote their mission of addressing concerns for safety and maximizing engagement. To apply, [click here](#).

[The National STEM Honor Society](#) is looking for dedicated virtual interns of all ages who are interested in gaining experience in many [fields](#) including Social Media Marketing; Email Marketing; Customer Service, Member Support & Care; Public Relations (PR); E- Commerce & Merchandise; Video, Film, & Media Production; Website & Technology; Human Resources (HR); Business Management & Operations; Analytics. Supporting your specific interests and individual learning goals, you will engage in focused learning experiences working on projects essential to the day-to-day operation of our organization where you will receive guidance and resources to apply knowledge and skills to your emerging professional lives. As an intern with National STEM Honor Society, you can perform a myriad of real and meaningful tasks. To apply, [click here](#).

**FRIENDS OF
BALLONA
WETLANDS**

Ballona Interns provide Friends of Ballona with their time and research abilities, while FBW provides them with an educational environment in which to learn about ecology, restoration, and childhood education, as well as opportunities to complete one or more projects that will further their educational experiences. Community outreach interns connect with the local community, plan events, and engage the public in the importance of environmental stewardship and restoration. Fundraising interns help plan and execute fundraising events, and strategize new and innovative ways to reach donors. [Learn more here](#).

Education and Working With Children

[Rooted Friends Project](#) is a startup nonprofit in the Hawthorne area whose mission is to enrich the lives of

underrepresented children by providing them with access to career services, sports and fitness, nutrition, childcare services, visual and performing arts, and more. Interns will be supporting different programs, coordinating an event with Angel City sports and USA Paralympic Athletes. If interested, please send a paragraph to crodriguez@davincischools.org stating why you are interested in this opportunity and what you hope to learn.

[Pass It Forward](#) is an organization dedicated to serving youth through the art of sports in Inglewood. [La Tijera Avery](#), the organization's founder, is a Paralympics Coach who is committed to also serving young athletes with disabilities. Interns would be supporting the sports (basketball, track and field), health, wellness, nutrition, and community projects and shadowing the organization's directors. Interns would be working at Darby Park in Inglewood as well as other local Inglewood schools. There are 6 positions available. If interested, please send a paragraph to crodriguez@davincischools.org stating why you are interested in this opportunity and what you hope to learn.

The Torrance Public Library is accepting volunteers. To join, you must fill out the Library's application form. Children under 18 must have permission from a parent or guardian to volunteer, and anyone over 18 years old must be fingerprinted and background checked by the

Torrance Police Department prior to starting work. To learn more, [please click here](#).

[Roundhouse Aquarium Interpretive Volunteer](#): Join a team of enthusiastic people interested in teaching guests of all ages and backgrounds about local Southern California marine life, environmental conservation and related topics. Their tide pool tank is an example of one of our Roundhouse teaching stations where our interpretive volunteers engage, inspire, and connect others to the ocean! Volunteers help us to create an inviting and

educational atmosphere that connects our visitors directly with our oceans. To join our Roundhouse volunteer crew, review our requirements, fill out the online application, and attend both days of orientation and training. Roundhouse Interpretive Volunteers are required to commit at least 3 hours a week for 4-6 months at the aquarium. Volunteers must be at least 13 years of age. The application [can be accessed here](#).

[Junior Camp Counselors with the Roundhouse Aquarium Summer Science Beach Camp](#): Campers ages 4-10 experience waves of

excitement doing science activities, learning about the ocean animals, creating crafts, and playing in the water. With up to 12 campers, the Junior Camp Counselors become an important part of the team, supervising the campers and keeping the day filled with fun! Gain skills teaching, working with children, staying organized and keeping up in a fast paced environment! To join the summer volunteer crew, review our requirements, fill out the online application, and attend both days of orientation and training. Volunteers must be at least 16 years of age. Duties involve supervising campers, keeping the aquarium clean before, during, and after camp, assisting with activities, prepping for the next day, etc. [Application can be accessed here.](#)

Galileo is seeking summer interns ages 16+ to support their youth summer camp operations and create an engaging environment for all campers. Camps can be found in Long Beach, Manhattan Beach, Palos Verdes, and Venice. As an intern you'll be helping with making signs, taking attendance, assisting at the office, leading games, and more. Internships are paid. To

learn more, [please click here.](#)

Science, Technology, Engineering and Math

Health Sciences Opportunities

The INROADS Internship Program matches underrepresented minority students with internship opportunities with more than 60 major corporations, including Fortune 500 companies. Students who have career interests in Health are encouraged to apply. You must be either a graduating high school senior who has been admitted to an accredited college or university or a college freshman or sophomore to be eligible for these internships. High school students must have a minimum 3.0 GPA, college students must have a minimum 2.8 GPA. All applicants must be permanent residents of the United States. To apply, click here: [Link](#)

Project InSight offers paid fellowships to support High School students who are meaningfully interested in engaging with broad-reaching fields related to vision through workplace learning experiences. This fellowship compensates students who have explored fields related to eye health, vision care, and working with visually impaired populations, and who choose to go deeper into their interest by learning with a mentor in a professional workplace. Fellows completing 120 hours of internship are eligible for a

\$1,000.00 scholarship. To learn more, [click here](#).

Technology Opportunities

BUILDING BEATS

Building Beats is offering a Free Music Coding In Person and Remote Masterclass for ages 13+. Students will learn how to code beats, melodies, and song structure using Javascript block-coding! By the end of this course, you'll create your own beat *and* increase your computer science skills. To sign up, please contact crodriguez@davincischools.org

The INROADS Internship Program matches underrepresented minority students with internship opportunities with more than 60 major corporations, including Fortune 500 companies. Students who have career interests in Engineering, Computers and Information Sciences are encouraged to apply. You must be either a graduating high school senior who has been admitted to an accredited college or university or a college freshman or sophomore to be eligible for these internships.

High school students must have a minimum 3.0 GPA, college students must have a minimum 2.8 GPA. All applicants must be permanent residents of the United States. To apply, click here: [Link](#)

[South LA - Internship Program](#): This opportunity is exclusively for youth (ages 16-24) currently residing in the South Los Angeles area. The program will offer 120 hours of paid work experience within sectors such as Business Development, Design, IT, and Software Development. Please note that most positions are currently remote. [Apply Here](#)

Things to consider BEFORE you apply:

- Availability to commit to at least 20 hours per week
- Access to a device and Wi-Fi as most of our positions are currently remote
- Must be between 16-24 years old at time of application
- Able to provide proof of residence
- Have a current resume uploaded onto your GuidedCompass.com profile

[Girls Who Code](#) offers two FREE programs in the summer: the Summer Immersion Program and the Self-Paced Program. Applicants can apply for BOTH programs, if eligible, using this application. However, students can only participate in one Summer Program. [Apply Here](#)

- The Summer Immersion Program (SIP) is a live, virtual, 2-week introductory computer science course for currently eligible 9th, 10th, and 11th grade US students and international students ages 14-18. SIP participants learn web development with HTML, CSS, and JavaScript while getting an inside look into the tech industry through incredible company partners. In addition to a completely free program, we offer grants up to \$500 and tech support for qualifying students.
- The Self-Paced Program is a 6-week flexible computer science course for current eligible 9th, 10th, 11th, and 12th grade US students (including SIP alumni and graduating seniors) and international students ages 14-18 who prefer not to adhere to a set schedule. Self-Paced Program participants can choose to earn beginner-level badges in HTML, CSS, and JavaScript for web development or an intermediate-level badge in Python for cybersecurity. Students will also have the opportunity to build community through weekly live advisory sessions and Girls Who Code activities.

Environment and Animals

Ballona Interns provide Friends of Ballona with their time and research abilities, while FBW provides them with an educational environment in which to learn about ecology, restoration, and childhood education, as well as opportunities to complete one or more projects that will further their educational experiences. Science interns complete field surveys and studies under the supervision of the science staff. Interns will take on projects like bird monitoring, nesting surveys, species counts, GIS mapping, and more. [Learn more here.](#)

The South Coast Botanic Garden is seeking volunteers to forward their mission in connecting community members to nature. Through

outreach and horticulture, you will help create great experiences for visitors and inspire stewardship and sustainability. All volunteers must be 15 years old to participate, must sign up through Volunteer Hub, and complete basic trainings. Volunteer opportunities include gardening, dog walking, assisting with the butterfly pavilion and being a garden interpreter. [Learn more here.](#)

The California Science Center is seeking aquatics husbandry volunteers who are 18 years or older. Volunteers would help with the maintenance of behind the scenes work areas, floor exhibit areas and the touch tank. Duties would include diet preparation, feeding, observing animal behavior, cleaning and maintenance. You must be willing to commit to 4 hours a week for at least 6 months. To learn more, please [click here](#) and scroll down to Aquatics Husbandry Volunteer Position.

Law and Activism

The Youth Over Violence Leadership Institute is for youth who are committed to building and making powerful social change through awareness, advocacy and violence prevention strategies. This in-person six-week program empowers youth between the ages of 14-19 by educating them on healthy relationships, promoting awareness of teen dating violence, and enhancing community organizing skills. The Institute utilizes a combination of educational sessions, trauma-informed activities, field trips and internship projects. [Apply here.](#)

[The TurnUp](#) Youth Activism Virtual Internship/Volunteer opportunity is for young people across the country who are interested in participating in activism and progressive/social justice issues including climate change, Black Lives Matter, ending gun violence, and voter turnout efforts. This is an unpaid remote internship or volunteer opportunity, 5-30 (flexible) hours per week. [Apply Here.](#)

Trades

The Harbor Freight Fellow Initiative supports youth who have a strong interest in working in the trades and have identified a

mentor who is willing to host them as interns to develop hands-on practical skills. Examples of trades can include welding, blacksmithing, manufacturing, and mechanics. Fellows are required to complete 120 internship hours. To learn more, [please visit this link](#).

Opportunities That Are No Longer Available

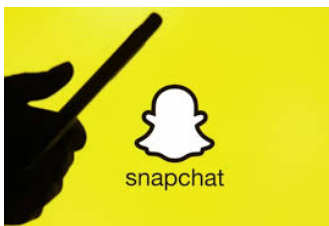

The Los Angeles Superior Court is accepting volunteers for their summer program. This program is primarily virtual. The program aims to provide participants with an understanding of Court and related career opportunities. Student participants are paired with a mentor who guides their volunteer experience with the Court and will have an opportunity to see a trial, and interview a judge or a judge commissioner. This opportunity starts on June 7th - thru - July 29th. To apply, please email crodriguez@davincischools.org. The deadline is Monday, April 4.

Deadline passed.

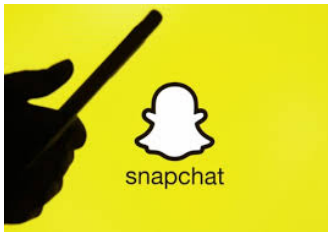

The Hawthorne Police Department is seeking interns that can support their Community Affairs Bureau. Interns will help organize community events, serve as a contact for neighborhood organizations, parent groups, and members of the Hawthorne community. Interns will also help maintain calendars, file documents, and support with other administrative duties. Interested students must submit a resume and cover letter to crodriguez@davincischools.org by Friday, April 22. **Deadline passed.**

The Hawthorne Police Department is seeking two interns that can support the Forensics Department. The Forensics Department is the scientific arm of the police since they collect, analyze, and compare physical evidence from suspected crimes. Students interning with the forensics team will be responsible for a number of tasks including filing paperwork, documenting, and working in the labs under supervision. This position requires a student to maintain complete confidentiality since they will be supporting pending criminal investigations. Interested students must submit a resume and cover letter to crodriguez@davincischools.org by Friday, April 22. Only two positions are available. **Deadline passed.**

Snap Engineering Academy is for students who see themselves as future web developers with experience in computer science fundamentals, who feel comfortable working in Python, Java, or C++.

Participants must be 18 years or older. Applications due April 8. Select Snap Design scholars will receive an academy scholarship including transportation to participate in-person at Snap offices in Venice. To learn more, [click here](#). **Deadline passed.**

Snap Lens Academies is for students who want to take their design and technical skills to new heights. Participants will create memorable interactions with the real world via AR 2D and 3D art they design. Applications due April 8. Select Snap Design scholars will receive an academy scholarship including transportation to participate in-person at Snap offices in Venice. To learn more, [click here](#). **Deadline passed.**

Boeing is the world's largest aerospace company and leading manufacturer of commercial jetliners, defense, space and security systems, and service provider of aftermarket support. As America's biggest manufacturing exporter, the company supports airlines and U.S. and allied government customers in more than 150 countries. To intern at Boeing this summer, students and parents must attend one of the following mandatory information sessions.

Deadline passed.

- Tuesday, March 1 at 6 pm
- Wednesday, March 9 at 5 pm
- Thursday, March 17 at 7:30 pm

[Click here for the links and meeting codes](#)

[Project STRIDE - Charles Drew University](#) is a ten week summer clinical research program for 11th grade high school students. Students may be in the 11th grade at the time of submitting the application and must have completed the 11th grade to start in the program. The [application](#) is available now and due no later than April 15th. **Deadline passed.**

[UCLA's Pre-Med Summer Scholar Program](#) is an educational program that incorporates medical guest speakers and hands-on activities. The goal of the program is to expose scholars to curriculum that includes: robotics, simulated birth with OB, ultrasound and imaging, suturing session, physician Q&A, and

CPR training. The application is open to US Citizens in high school. [Students can apply here.](#) The program fee is \$1200 and scholarships are available based on need.

Deadline passed.

2022 Pre-Med Summer Scholar Schedule (choice to attend one, 5-day session):

Session 1: Monday, June 27 - Friday, July 1

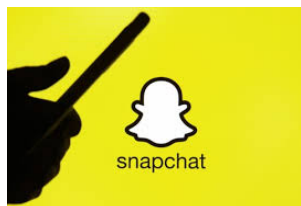

Session 2: Monday, July 11 - Friday, July 15

* Both sessions will be completely IN-PERSON and ONSITE

The Diversity and Inclusion Apprenticeship through the Los Angeles Public Library is a 12-week summer program that exposes students to careers in librarianship. Through a summer-long mentored learning experience, apprentices will be introduced to multiple facets of library life, from administration to programming to user services. This is a paid apprenticeship with an hourly pay of \$16.54 that runs for 12 weeks, 15 hours per week, from June 6 to August 26, 2022. Applicants must be incoming high school seniors of 18 years of age by June 6, 2022 and live in Los Angeles County. Learn more about the [program here.](#) **Deadline passed.**

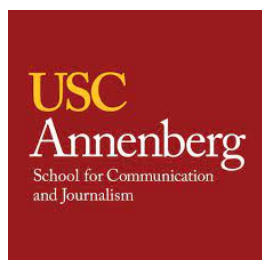

[Southwest Airlines](#) seeks a high school intern interested in group operations. The intern will provide personnel support to Southwest Airlines Employees at the Station by assisting them with functions such as payroll, attendance and leave, staffing, maintaining personnel records and resources. The position is located at LAX Airport. Students must be 16 years old by June 13, 2022 to be eligible to apply. To learn more, [please click here.](#) **Deadline passed.**

Snap Storytelling Academy is for students who are natural storytellers with a passion for marketing, communications and branding. They have experience or interest in conducting customer and market research, defining a brand strategy, conducting a marketing campaign, or producing internal/external communications. Applications due April 8. Select Snap Design scholars will receive an academy scholarship

including transportation to participate in-person at Snap offices in Venice. To learn more, [click here.](#) **Deadline passed.**

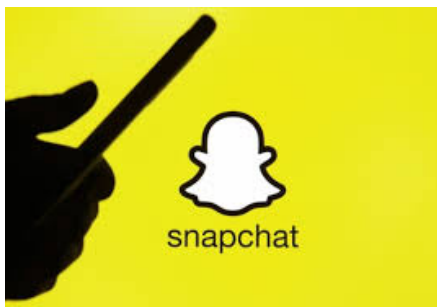

[The Annenberg Youth Academy for Media and Civic Engagement](#) is a four-week summer intensive academy for high school students. Students

are exposed to the equivalent of first-year college-level courses and develop a rich conceptual understanding and practice of the necessary role that media communications and journalism play in fashioning civic-minded thought leaders and innovators. AYA strengthens students' skills in writing, critical thought, public speech and debate, multimedia production, interviewing and ethnography — all essential competencies required for excellence in and out of the classroom in the 21st century. They have opportunities to meet the school's innovative scholars who are advancing issues of race, gender, and ethnicity in communication and journalism communities of practice. Students must reside and attend high school in Los Angeles County to be eligible to apply. Deadline: Friday, March 18, 2022 by midnight. **Deadline passed.**

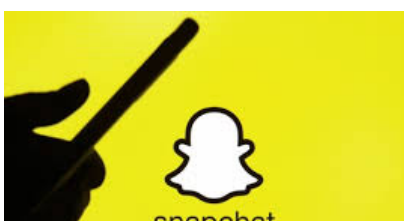

The Holocaust Museum LA High School Internship Program offers opportunities for high school students to connect with history, arts, museum work, education, and mentors to develop professional skills, connect, and gain experience. Teens will sharpen their professional and leadership skills, contribute to the Museum field, and gain valuable insight. Applicants must be entering 9th-12th grade. Deadline for application is March 18. The High School Internship will run Monday-Thursday for 4 weeks beginning June 20, 2022. The 2022 summer internship will be in a hybrid format (in-person and virtual). This is subject to change based on the ongoing COVID-19 pandemic and local ordinances. [Apply here.](#)

Deadline passed.

SnapDesign Academy is for students who have a creative passion for design: Graphic Design, Typography, Prototyping, Design Thinking, Design History, User Experience, User Interface, Web Design, Illustration or Video Editing. Select Snap Design scholars will receive an academy scholarship including transportation to participate in-person at Snap offices in Venice. Participants must be 18 years or older. Applications due April 8. To learn more, [click here.](#) **Deadline**

passed.

Snap Lens Academies is for students who want to take their design and technical skills to new heights. Participants will create

memorable interactions with the real world via AR 2D and 3D art they design. Applications due April 8. Select Snap Design scholars will receive an academy scholarship including transportation to participate in-person at Snap offices in Venice. To learn more, [click here](#).

Deadline passed.

RIOS

This paid summer internship through [Rios](#) aims to provide a launchpad for members of Black, Indigenous, and People of Color (BIPOC) communities with a strong interest in pursuing a career in the following design fields: **architecture, landscape architecture, experience design, furniture design, and urban planning**. This opportunity is open to senior-level students graduating this summer. As a cross-disciplinary office students will take part in a design exploration that will offer work experience, training, and long-term mentorship. The position will last 10 weeks, beginning May 30th. Interns will have up to 20 hours per week of paid internship. Candidates will be selected in late March. [Link to apply](#).

Deadline passed.

[Torrance Community Television \(TCTv\)](#) is accepting volunteers to assist in the production on most of their programs. Volunteers are able to assist as camera operators, audio engineers, directors, and producers. No experience is necessary. The only requirements are an interest in television production and the ability to work as a team on a crew. You will need to submit a Volunteer Crew List Application by following the link above, and submit a copy of your ID.

The [Orthopedic Institute for Children](#) offers volunteering opportunities for high school students. Volunteers receive a range of experiences including supporting research labs, urgent care, orthopedic rehabilitation, patient recreation, outpatient clinics, welcome desk, special events and more. Individuals who speak both English and Spanish are especially needed. Please email Crissel Rodriguez for application requirements at crodriguez@davincischools.org. **2 Positions are still available.** **Deadline passed.**

Cedars Sinai INSPIRE (Application opens on February)

<https://www.cedars-sinai.edu/education/professional-training-programs/internship/inspire/application.html>

The Lundquist Institute Summer Fellowship (apparently this one is popular with students in Palos Verdes) (Applications opens in March)

<https://lundquist.org/hssfp>

[NeuroCamp](#) is a free summer program offered by UCLA Brain Research Institute where 15 to 20 students are selected in an instructional course introducing them to neuroscience. Students will learn the fundamental concepts of neuroscience and basic lab techniques in Molecular Neurobiology, Neurophysiology, and Neuroanatomy. NeuroCamp 2022 will be held over a two-week period, from June 13-17, and on June 22-24. The deadline to apply is May 1, 2022. [Students can apply here.](#) **Deadline passed.**

Kaiser Permanente Summer Youth Paid Employment Program is for students who are interested in working in health care. As a SYEP student, you'll be paid for your time, working in one of the departments while learning about careers in health care. The program runs from June 24th through August 5th and you must be present for the entire program. Kaiser gives priority to students between 11th and 12th grade, but others are encouraged to apply. Deadline for applications is May 27. [Apply Here.](#) **Deadline passed.**

Project Destined has partnered with 100+ leading real estate firms and 70+ universities around the country to provide diverse students with internship opportunities to explore ownership through live real estate deals. This opportunity is open to college and high school students. In this 10-week Paid, Virtual Internship Program, interns will work 6-8 hours including real estate training, an Executive Speaker Series, and competing with students in "Shark Tank" style live deal pitch competitions. Application deadline is May 13. To apply, [click here.](#) **Deadline passed.**

[Anthem, Inc.](#) is seeking to hire a High School Intern to join the Sales and Strategic Accounts team. The intern will gain experience within a professional sales environment and will gain the opportunity to learn about and understand the products and services Anthem delivers. Interns will assist the account management team with project work and competitive analysis and more. This opportunity is open to a student 18 years or older in junior or senior year. To apply [click here.](#) **Deadline passed.**

[L.A. Times High School Insider's paid summer internship](#) is an immersive professional learning opportunity where young journalists can experience the day-to-day life of a professional journalist. The program aims to teach students core journalism fundamentals and multimedia skills while exposing them to a professional work environment and mentorship at the Times. Applications open every April. **Deadline passed.**

[Code Ninjas](#) is seeking STEAM interns for their kids coding center in El Segundo. Interns oversee the day-to-day coaching and student engagement, mentor youth, and create a fun, positive, and safe environment for students to grow. This summer they will be offering a bootcamp on how kids can start their own YouTube channel. Students with experience in this field are encouraged to apply. For more information, [please click here](#). Please email Crissel at crodriguez@davincischools.org. **Deadline passed.**

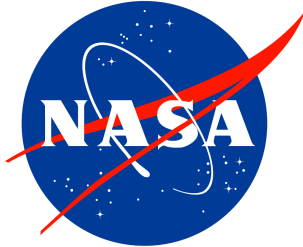

City of El Segundo Community Service Youth Program teaches valuable skills, including the development of leadership and interpersonal skills and promotes a sense of accomplishment all while giving back to the community. Spring and summer volunteer opportunities include Spring Break Camp, Camp Cowabunga, and Tiny Tot camp. Space is very limited and will be granted on a first-come, first-served basis to the most qualified individuals. You must be an El Segundo resident to apply. To learn more, [please click here](#). Summer application deadline is May 8. **Deadline passed.**

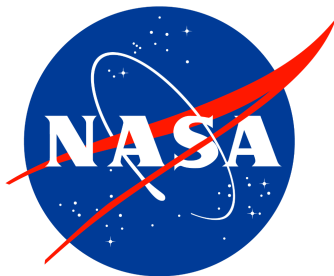

The Harbor UCLA Medical Center is accepting volunteers who are committed to working in the healthcare field. Volunteers are required to participate for a minimum of 200 hours. Because of COVID restrictions, volunteers will not be able to engage with patients, however, they will be given assignments to support various departments. [More information can be found here](#). **Deadline passed.**

Engineering Opportunities

Virtual - Data Analytics Volunteer Internship Program. This is an opportunity for a high school intern interested in learning more about the fields of SmallSats and data analytics. The objective of this study is to determine trends amongst the presentations on SmallSat missions provided by the Interplanetary Small Satellite Conference (ISSC), Small Satellite Conference (SSC), and CubeSat Developers Workshop (CDW) presentation archives. Must be a US Citizen. To apply, [click here](#). Open for students grade 10-12. **Deadline passed.**

NASA MSFC Virtual Internship. Using Python, you will build an interactive GUI for ROCETS model data reduction and visual engine balance generation. The crux of the product will be a flowchart with movable connecting lines (think MS Visio) and dynamic text boxes that are populated with data read in from a text file. Knowledge of the ROCETS software package or Liquid Rocket Engines is not required. Python experience level will be prioritized ahead of major or grade level. Must be a US Citizen. To apply, [click here](#). **Deadline passed.**

The [Karim Kharbouch Coding Fellowship \(KKCF\)](#) is cofounded by Hip Hop Artist French Montana and supports youth interested in STEM. The fellowship is a 12-month program, starting with paid, virtual summer training, followed by monthly career & college access workshops and coaching. Graduates are matched to summer internships and college STEM programs. Fellows will learn the basics of web design, graphic design, UX/UI, and coding. Students can earn up to \$1,000 during the program. Fellows must reside in Los Angeles, be between 16 to 20

years old, and be enrolled as a junior or senior. The deadline to apply is May 30th, 2022. To learn more, [please click here.](#) **Deadline passed.**
