

SL: Get the inside scoop...

Hey (Name),

Your all-botanical skincare is genius! and I love your philosophy of developing products with a holistic and systemic view that makes them more nourishing and less damaging to the skin and environment.

I know that getting more bookings is crucial for (company name's) success, and that's why I wanted to offer you a free personalised disruption post designed to increase the number of people booking facials with you.

By using powerful copy and persuasive psychology techniques, it will speak directly to your target market and entice them to book a facial with you.

I truly believe in the power of your all-botanical skincare and facials and I know that this post will help you reach even more people who are in need of your amazing treatments.

(👉 I have attached the disruption post below 👉)

I would love to hear your thoughts on the post.

Kevin
