

## Midna's birthday messages

MIDNAAAA HAPPY BIRTHDAAAAAY !!! <3

I hope you're having an amazing day today, filled with looooooots of sweets and that you can hog your comfy bed a lot too >8) But yeah I hope that you can just rest and enjoy yourself as much as you can ! (if not, that you can take revenge on a lazier day too hahaha) I wish you all the best for this new year as well, and that all your dreams come true as always hehe I gift you some Arlecchino this year, since we talked a lot about her a few months ago, I was happy I got to edit her for you hehe The song was a bit slow for flashy and cool fighting scenes so I tried to go for a bit of feels instead lmao I hope you like it anyway and that you enjoy the whole MEP as well ! <3

Once again I wish you a super amazing day and birthday Midna !! <3

Love you !!

HI MIDNA <3 HAPPY BIRTHDAY CUTIE!! ♥♥♥

Just know I love you so much!! You always make me so happy and energetic whenever I talk to you! (like yes, I'm generally a happy and energetic person, but you always continue to bring more out of me and I just love you so much for that!) You're so precious and I'm so happy we got to meet, talk, and become friends! You're absolutely one of the cutest people ever! I'm so sorry that work has been so busy for me lately! But I promise once busy season is all over with work, we are going to talk lots and lots more!! I love you so much!! Also, I love whenever we send voice messages to each other! You have such a cute voice and it makes me happy and smile so much whenever I hear you <33 I'm so excited to finally get to hear that in person when I visit Germany in January!! <3 Also, I know all the charas you love in Genshin, but I decided to go with ZeLink this time for you because I know how much you love them!! ALSO, I finished TOTK now, so I was so excited to get to use their scenes for you because I know how much you love them!! <3 <3 <3 (and know i love you very very very much!! ♥)

Happy Birthday Midna!!!

I hope you have the best day with amazing food, video games, and lots of rest!!! And ofc amazing gifts hehe.

I hope the upcoming year will have so much in store for you and will be the best year of your life!! Until the next one, which will be even better, and so on!! Ily, each year when I get to edit for your bday I am reminded how wild it is that we bumped into each other again by accident and how happy I am about it! Ik I have been super quiet bc this year has been A LOT but I'm always so happy to hear from you, even if it's just a comment under one of my increasingly rare uploads lmao. I hope soon I have the energy to reach out more bc I miss talking to you sm. You're so funny, you're so wise, kind, you have incredible taste and I love finding out which of my fandoms you've recently gotten into (and the other way around)! Speaking of, you mentioned that you recently got back into Ace Attorney so here's some lawyer babies for you this year <3 Editing with their anime scenes was surprisingly hard  But I hope this puts a smile on your face and that the whole mep can be a reminder of how loved you are anytime you might need to be reminded<3

AHHHH, HAPPY BIRTHDAY TO OUR LOVELY MIDNA!!!  

This year, I was about to edit with Scaramona once again – only to change my mind at the very last minute. I wanted to spice things up and surprise you with something different so I hope you enjoy the Noragami part instead. May this year be filled with creativity, happiness, and everything you've been dreaming of~ and I hope Genshin rng god bless your every upcoming pull. Jokes aside, I'm always so grateful to have you as a friend. I hope we continue to edit more meps together in the upcoming year and continue to nerd about our common favorite fandoms. I am so sorry if I have been busy and not as active in our pms but please know that I cherish each one of our chats. LOVE YOU LOTS CUTIE PATOOTIE! (ps. I really hope you had an amazing time when you met with Angie.)

Hello hello Midna my precious,

HAPPY BIRTHDAY DEAR!!!! 🍷🍷🍷 Guess who has risen from their social slumber, that's right, this dork hehe. I couldn't possibly miss celebrating this very special day, now could I?

🌻 You know me and all things wholesome, and my oh my, has Angie prepared one incredibly heart-warming project this year! It is always such a blessing being able to put together something special alongside your dear friends, and this year was certainly no exception. I for one had an absolute blast working on my part! As you might have noticed, I went with a friendship motif again (and tried to branch out of editing Genshin to give anime a try instead haha). I knew you liked Sukuna so my mind landed on Jujutsu Kaisen right off the bat, and since one of the friendship dynamics I find most precious in this franchise is Yuji, Megumi & Nobara, I quickly set a goal on editing my part around them! Needless to say, I believe you'd be Yuji, the most precious sunshine boi (because how freaking fitting is that 🍷), and I'd be Nobara, the equally energetic and dorky friend; as a representation of how friendship I mean hehe. In the end, I did end up expanding beyond the trio, but I did so as I thought it could symbolize all your friends coming together to celebrate you on your birthday

🌻 I hope you like my take on this dear!

Gosh, what else might I say. I know I haven't been all that present for the past couple of months, however, please know that I have missed you every single day Midna. Be it getting to share my day-to-day life with you or simply gushing about our favorite characters together; I miss it all so so much. My life has been somewhat unstable for the past year, but one surefire constant throughout it all is how much all my friends mean to me. You deserve to be loved, appreciated and celebrated, not only today but always my dear! I'll be damned if I don't get a say in making sure of that 🍷 I love you lots lots lots Midna!!!

Happy birthday once more my precious, know that this lto obsessed dork is sending all her love your way! You're lucky I can't actually hug you or else I'm afraid I'd never want to let you go hehe.

Thinking of you always,

Caty 🍷🌻
