

Google Calendar

Google Calendar: This is where you can view all your assignments that are posted in your google classrooms. You can also use this calendar to create your own events of things you need to do.

Calendar

- You have a list of calendars.(My calendars) All the Google classrooms you are enrolled in are automatically added to your calendar.
- Make sure there is a check by each Google classroom you are currently enrolled in.
- All the assignments posted by your teacher will be added automatically to your calendar. You should still check your google classroom for additional materials or instructions.
- Your name will be listed as well,(make sure it is checked) This is where you can create your own events. I.e activities or key things that need to be done that day.
