

Click [HERE](#) to view the video tutorial. FYI this tutorial references blogs and blogger - please ignore those comments (video was created last school year)

Step 1: Go to sites.google.com

Step 2: Click on the blank template

Step 3: Title your website (your name) creative writing

Step 4: Creative Writing Introduction (see information below)

Step 5: Add links for Animal Myth Stories and Let the Bad Guys Speak and Bridges

Step 6: Git the publish button and copy/paste URL link in an email to Mrs. Koppel

Creative Writing Introduction (this should go at the top of your website)

This website contains creative writing for my IB Language and Literature course. My creative writing will have informal, exploratory writing as well as a place to share projects incorporating digital technology and digital media. (add something you are excited about for creative writing and/or something you are nervous about). For example- I look forward to...
